the accrual date of any retirement annuity, survivor benefit, or disability benefit, that benefit overpayment has occurred due to using invalid service or salary, or due to any erroneous calculation procedure, the executive director must recalculate the annuity or benefit payable and recover any overpayment. The executive director shall recover the overpayment by requiring direct repayment or by suspending or reducing the payment of a retirement annuity or other benefit payable under this chapter to the applicable person or the person's estate, whichever applies, until all outstanding amounts have been recovered. If a benefit overpayment or improper payment of benefits occurred caused by a failure of the person to satisfy length of separation requirements for retirement under section 354A.011, subdivision 21, the executive director shall recover the improper payments by requiring direct repayment. The repayment must include interest at the rate of 0.71 percent per month from the first of the month in which a monthly benefit amount was paid to the first of the month in which the amount is repaid, with annual compounding.

- (b) In the event the executive director determines that an overpaid annuity or benefit that is the result of invalid salary included in the average salary used to calculate the payment amount must be recovered, the executive director must determine the amount of the employee deductions taken in error on the invalid salary, with interest as determined under 354A.37, subdivision 3, and must subtract that amount from the total annuity or benefit overpayment, and the remaining balance of the overpaid annuity or benefit, if any, must be recovered.
- (c) If the invalid employee deductions plus interest exceed the amount of the overpaid benefits, the balance must be refunded to the person to whom the benefit or annuity is being paid.
- (d) Any invalid employer contributions reported on the invalid salary must be credited against future contributions payable by the employer.
- (e) If a member or former member, who is receiving a retirement annuity or disability benefit for which an overpayment is being recovered, dies before recovery of the overpayment is completed and an optional annuity or refund is payable, the remaining balance of the overpaid annuity or benefit must continue to be recovered from the payment to the optional annuity beneficiary or refund recipient.
- (f) The board of trustees shall adopt policies directing the period of time and manner for the collection of any overpaid retirement or optional annuity, and survivor or disability benefit, or a refund that the executive director determines must be recovered as provided under this section.

Sec. 9. Minnesota Statutes 2012, section 354A.31, subdivision 3, is amended to read:

| Subd. 3. Resumption of teaching after commencement of a retirement annu |
|---|
|---|

- (a) Any person who retired and is receiving a coordinated program retirement annuity under the provisions of sections 354A.31 to 354A.41 or any person receiving a basic program retirement annuity under the governing sections in the articles of incorporation or bylaws and who has resumed teaching service for the school district in which the teachers retirement fund association exists is entitled to continue to receive retirement annuity payments, except that all or a portion of the annuity payments must be deferred during the calendar year immediately following the calendar year in which the person's salary from the teaching service is in an amount greater than \$46,000. The amount of the annuity deferral is one-third the salary amount in excess of \$46,000 and must be deducted from the annuity payable for the calendar year immediately following the calendar year in which the excess amount was earned.
- (b) If the person is retired for only a fractional part of the calendar year during the initial year of retirement, the maximum reemployment salary exempt from triggering a deferral as specified in this subdivision must be prorated for that calendar year.
- (c) After a person has reached the Social Security normal retirement age, no deferral requirement is applicable regardless of the amount of any compensation received for teaching service for the school district in which the teachers retirement fund association exists.
- (d) The amount of the retirement annuity deferral must be handled or disposed of as provided in section 356.47.
- (e) Notwithstanding other paragraphs of this subdivision, for any retired St. Paul Teachers Retirement Fund Association basic or coordinated program member whose effective date of retirement is after June 30, 2013, amounts specified as deferred under this subdivision must instead be forfeited to the St. Paul Teachers Retirement Fund Association fund.
- (e) (f) For the purpose of this subdivision, salary from teaching service includes: (i) all income for services performed as a consultant or independent contractor; or income resulting from working with the school district in any capacity; and (ii) the greater of either the income received or an amount based on the rate paid with respect to an administrative position, consultant, or independent contractor in the school district in which the teachers retirement fund association exists and at the same level as the position occupied by the person who resumes teaching service.
- (f) (g) On or before February 15 of each year, each applicable employing unit shall report to the teachers retirement fund association the amount of postretirement

Sec. 10. Minnesota Statutes 2012, section 354A.31, subdivision 4, is amended to read:

# Subd. 4. Computation of normal coordinated retirement annuity; St. Paul fund. (a) This subdivision applies to the coordinated program of the St. Paul Teachers Retirement Fund Association.

- (b) The normal coordinated retirement annuity is an amount equal to a retiring coordinated member's average salary under section 354A.011, subdivision 7a, multiplied by the retirement annuity formula percentage.
- (c) This paragraph, in conjunction with subdivision 6, applies to a person who first became a member or a member in a pension fund listed in section 356.30, subdivision 3, before July 1, 1989, unless paragraph (d), in conjunction with subdivision 7, produces a higher annuity amount, in which case paragraph (d) will apply. For service rendered before July 1, 2015, the retirement annuity formula percentage for purposes of this paragraph is the percent specified in section 356.315, subdivision 1, per year for each year of coordinated service for the first ten years and the percent specified in section 356.315, subdivision 2, for each year of coordinated service thereafter. For service rendered after June 30, 2015, the retirement annuity formula percentage for purposes of this paragraph is the percent specified in section 356.315, subdivision 1a, per year for each year of coordinated service for the first ten years and the percent specified in section 356.315, subdivision 2b, for each year of coordinated service thereafter.
- (d) This paragraph applies to a person who has become at least 55 years old and who first becomes a member after June 30, 1989, and to any other member who has become at least 55 years old and whose annuity amount, when calculated under this paragraph and in conjunction with subdivision 7 is higher than it is when calculated under paragraph (c), in conjunction with the provisions of subdivision 6. The retirement annuity formula percentage for purposes of this paragraph is the percent specified in section 356.315, subdivision 2, for each year of coordinated service rendered before July 1, 2015, and the percent specified in section 356.215, subdivision 2b, for each year of coordinated service thereafter.

Subd. 7. Actuarial reduction for early retirement. (a) This subdivision applies to a person who has become at least 55 years old and first becomes a coordinated member after June 30, 1989, and to any other coordinated member who has become at least 55

Sec. 11. Minnesota Statutes 2012, section 354A.31, subdivision 7, is amended to read:

years old and whose annuity is higher when calculated using the retirement annuity formula percentage in subdivision 4, paragraph (d), and or subdivision 4a, paragraph (d),

as applicable, in conjunction with this subdivision than when calculated under subdivision

4, paragraph (c), or subdivision 4a, paragraph (c), in conjunction with subdivision 6.

(b) A coordinated member who retires before the full benefit normal retirement age shall be paid the retirement annuity calculated using the retirement annuity formula percentage in subdivision 4, paragraph (d), or subdivision 4a, paragraph (d), reduced so that the reduced annuity is the actuarial equivalent of the annuity that would be payable to the member if the member deferred receipt of the annuity and the annuity amount were augmented at an annual rate of three percent compounded annually from the day the annuity begins to accrue until the normal retirement age if the employee became an employee before July 1, 2006, and at 2.5 percent compounded annually from the day the annuity begins to accrue until the normal retirement age if the person initially becomes a teacher after June 30, 2006. whichever is applicable, multiplied by the applicable early retirement factor specified below:

# **EFFECTIVE DATE.** This section is effective July 1, 2013.

Sec. 12. Minnesota Statutes 2012, section 354A.35, subdivision 2, is amended to read:

Subd. 2. **Death while eligible to retire; surviving spouse optional annuity.** (a) The surviving spouse of a vested coordinated member who dies prior to retirement may elect to receive, instead of a refund with interest under subdivision 1, an annuity equal to the 100 percent joint and survivor annuity the member could have qualified for had the member terminated service on the date of death. The surviving spouse eligible for a surviving spouse benefit under this paragraph may apply for the annuity at any time after the date on which the deceased employee would have attained the required age for retirement based on the employee's allowable service. A surviving spouse eligible for surviving spouse benefits under paragraph (b) or (c) may apply for an annuity at any time after the member's death. The member's surviving spouse shall be paid a joint and survivor annuity under section 354A.32 and computed under section 354A.31.

- (b) If the member was under age 55 and has credit for at least 30 years of allowable service on the date of death, the surviving spouse may elect to receive a 100 percent joint and survivor annuity based on the age of the member and surviving spouse on the date of death. The annuity is payable using the full early retirement reduction under section 354A.31, subdivision 6, paragraph (a), to age 55 and one-half of the early retirement reduction from age 55 to the age payment begins.
- (c) If a vested member of the Duluth Teachers Retirement Fund Association was under age 55 on the date of death but did not yet qualify for retirement, the surviving spouse may elect to receive the 100 percent joint and survivor annuity based on the age of the member and the survivor at the time of death. The annuity is payable using the full early retirement reduction under section 354A.31, subdivision 6 or 7, to age 55 and one-half of the early retirement reduction from age 55 to the date payment begins.
- (d) If a vested member of the St. Paul Teachers Retirement Fund Association was under age 55 on the date of death but did not yet qualify for retirement, the surviving spouse may elect to receive the 100 percent joint and survivor annuity based on the age of the member and the survivor at the time of death. The annuity is payable using the full early retirement reduction under section 354A.31, subdivision 6 or 7, to age 55 and one-half of the actuarial equivalent reduction from age 55 to the date payment begins. The actuarial equivalent reduction is calculated so that the reduced annuity is the actuarial equivalent of the annuity that would be payable to the member if the member deferred receipt of the annuity and the annuity amount were augmented at an annual rate of 2.5
