## General Summary of 2005 First Special Session S.F. 29 (Pogemiller)

Article 1: Clarification/Recodification of Statewide Specialty Retirement Plans. This article recodifies and clarifies the Legislators Retirement Plan (applicable to pre-1997 legislators) and the Elective State Officers Plan (applicable to pre-1997 elected state officers) by defining terms, moving various terms to a definition section, clarifying provisions, and removing obsolete provisions. The Judges Retirement Plan is revised by defining terms, moving various terms to a definition section or sections, clarifying provisions, removing obsolete provisions, and moving Board of Judicial Standards provisions to a proposed new chapter.

### Article 2: Covered Salary; Average Salary.

- Increases the maximum salary amount covered for retirement contribution and retirement benefit calculation provisions from 95 percent of the Governor's salary to 110 percent of the Governor's salary, adds three additional exemptions to the maximum, and clarifies cross-references to the salary maximum provisions.
- Clarifies covered salary/average salary for pension purposes in various plans by clarifying terms, moving terms to definition sections, and adding cross-references for various plans. The provisions apply to MSRS-General, MSRS-Correctional, the MSRS Fire Marshal Plan, the Elective State Officers Retirement Plan, the Judges Retirement Plan, PERA-General, PERA-P&F, PERA-Correctional, TRA, the first class city teacher plans, and MERF.

Article 3: Allowable Service Credit. Article 3 creates a general law provision to handle strike situations allowing individuals to purchase service credit for strike periods, including language to include the recent Metro Transit and Crosby-Ironton public school strikes; creates a leave of absence service credit provision in the Judges Retirement Plan; and extends for one year the full actuarial value service credit purchase provisions for military service in all applicable plans, until May 2007.

Article 4: Actuarial, Financial Reporting, and Other Generally Applicable Administrative Changes. Article 4 requires itemization of pension plan administrative and investment-related expenses in public pension plan reports, corrects references to the actuary retained by the Commission since the Commission no longer retains an actuary, clarifies contribution handling from pre-tax accounts on TRA extended leaves of absence, and authorizes rollovers from reemployed annuitant earnings limitation accounts.

### Article 5: Membership Inclusions and Exclusions.

- University of Minnesota police who are required by the Board of Regents to be in the university faculty plan will not be covered by PERA-P&F, and the university will not share in police state aid for those officers.
- Department of Commerce Insurance Fraud Prevention Division officers will be in the State Patrol Retirement Plan, not to exceed the mandatory State Patrol Plan retirement age, and in MSRS-General for any service thereafter.
- Requires the Department of Corrections and the Department of Human Services to establish a procedure for recommending new inclusions in the MSRS-Correctional Plan.
- Authorizes MnSCU employees to elect TRA/IRAP coverage within one year of the date of initial employment rather than within 90 days.

### Article 6: Retirement Contributions.

- The member contributions in the General State Employees Retirement Plan of the Minnesota State Retirement System (MSRS-General) would increase from 4.0 percent of covered pay to 5.0 percent of covered pay in four installments from 2007 to 2010. The MSRS-General employer contribution rate is also increased from 4.0 percent of covered salaries to 5.0 percent of covered salaries in four installments from 2007 to 2010.
- The member contribution rate for the Correctional State Employees Retirement Plan of the Minnesota State Retirement System (MSRS-Correctional) would increase from 5.69 percent of covered pay to 8.60 percent of covered pay in four installments from 2007 to 2010. The MSRS-Correctional employer contribution rate would increase from 7.98 percent of covered salaries to 12.10 percent of covered salaries in four installments from 2007 to 2010.

- The member contribution rate of the State Patrol Retirement Plan would increase from 8.40 percent of covered pay to 9.80 percent of covered pay in two installments from 2007 to 2008. The State Patrol Retirement Plan employer contribution rate would increase from 12.60 percent of covered salaries to 14.60 percent of covered salaries in two installments from 2007 to 2008.
- The member contribution rate for the General Employee Retirement Plan of the Public Employees Retirement Association (PERA-General) increases from 5.10 percent of covered pay to 6.00 percent of covered pay in three installments from 2006 to 2008. The PERA-General employer contribution rates are also increased from 5.10 percent of covered salary regular contribution and 0.43 percent of covered salary additional contribution (total 5.53 percent) to 6.00 percent of covered salary regular contribution and 1.00 percent of covered salary additional contribution (total 7.00 percent) in three installments from 2006 to 2008.
- The member contribution of the Public Employees Police and Fire Retirement Plan (PERA-P&F) would increase from 6.2 percent of covered pay to 9.4 percent of covered pay in four installments from 2006 to 2009. The PERA-P&F employer contribution rate would increase from 9.30 percent of covered salaries to 14.10 percent of covered salaries in four installments from 2006 to 2009.
- Allows assessment against state aid for any unpaid retirement plan contributions by a government entity without property tax power and authorizes six percent interest from PERA on Minneapolis Community Development Agency on service credit purchase overpayment refunds.

Article 7: Pension Benefits Upon Privatization. Article 7 adds the Hutchinson Area Health Care, the Ada Bridges Medical Service, and the Northfield Hospital to the PERA privatization chapter, and extends the 2004 special law filing date for the RenVilla Nursing Home. The privatization provisions require local approval and demonstration of some net gain to PERA. The article also removes authority to remain in PERA following a water or wastewater treatment facility privatization.

Article 8: First Class City Teacher Plan Associations Bylaw Provisions. Article 8 requires updated bylaws and article of incorporation to be published on July 1, 2006, and six months after any subsequent change.

Article 9: MNSCU IRAP Changes. This article allows MnSCU to offer some, rather than all, State Board of Investment Supplemental Plan investments.

Article 10: Supplemental Retirement Plans. Article 10 extends supplemental retirement plan status to local laborers pension fund, and increases the maximum employer contribution to trade union supplemental retirement plans to \$5,000.

Article 11: Volunteer Firefighter Relief Associations. Article 11 contains the following provisions:

- Clarifies the threshold asset amount for filing a financial report rather than a financial statement
- Clarifies amortization requirements
- Extends the revised lump sum plan ten-year amortization requirement to lump sum plan and monthly plan investment losses which previously were not required to be amortized
- Sets maximum estimate of fire state aid to be used in the contribution requirement determination to be last year's aid plus 3.5 percent increase
- Money market fund assets will not be included in determining whether a fund is exceeding the 75 percent market value cap on mutual fund investments
- Expands authorized stock investments to include stocks traded on all domestic or Canadian exchanges
- Authorizes use of exchange traded funds
- Reduces the minimum financing per firefighter necessary to support given levels of pensions for monthly plans and grandfathers prior pension amount if average financing per firefighter has fallen
- Expands authority for crediting interest to deferred accounts
- Adds a military break-in-service provision to volunteer fire plans
- Revises municipal representation requirements on volunteer fire boards

Article 12: Various Corrections and Clarifications. This article eliminates numerous obsolete provisions and cross-references in public pension plan law.

Article 13: Local Retirement Plans. Article 13 contains the following provisions, all of which require local approval:

- Revises provisions applicable to the Bloomington Fire Department Relief Association by increasing the investment return assumption from five percent to six percent and replacing a 2010 full funding date for the plan with rolling 20-year amortization;
- Allows a consolidated volunteer firefighter relief association emerging from Aurora, Biwabik, Hoyt Lakes, and Palo to pay smaller pre-consolidation service pension amount upon consolidation than allowed by general law;
- Permits the Eveleth Police and Fire Trust Fund to provide an ad hoc post-retirement increase and establishes a procedure allowing the city to provide increases in later years; and
- Authorizes the Maplewood and Oakdale Volunteer Firefighter Relief Associations to transfer assets, liabilities, and service credit to provide pension portability for several firefighters.
- Authorizes MSRS to administer the Hennepin County Supplemental Retirement Program.
- Removes service pension amounts associated with funding levels below 90 or 92.5 percent in the Minneapolis Police and Minneapolis Firefighters Relief Associations, prohibits re-computation of Minneapolis Firefighters Relief Association disability benefits at retirement, and generally prohibits reductions in benefit amounts paid if subsequent collective bargaining would result in a reduction of the salary base on which the pension was determined.
- Modifies the Minneapolis Police Relief Association law to require the conversion of the relief association to a municipal trust fund when the membership drops to 350 active and retired members, increases the service pension and other benefits by one unit in two steps, retroactively to January 1, 2005, and January 1, 2006, extends the amortization target date to 2020, and generally prohibits reductions in benefit amounts paid if subsequent collective bargaining would result in a reduction of the salary base on which the pension was determined.

Article 14: Minneapolis Employees Retirement Fund (MERF) Changes. Article 14 exempts the MERF Executive Director from a limitation on public employee compensation, authorizes the MERF Board to invest fund assets with the State Board of Investment, and allows the transfer of the equivalent of internal promissory notes to the MERF Post Fund when individuals retire. Local approval is required.

Article 15: One Person and Small Group Retirement Changes. This article permits the spouse of a PERA-P&F member who was killed in Iraq to receive a surviving spouse benefit despite not meeting the minimum length of marriage requirement if approved by the PERA Board and extends the deadline for an extended leave of absence contribution payment by an Anoka-Hennepin teacher.

Article 16: Teacher Retirement Fund and Benefit Restructuring. Special School District No. 1, Minneapolis, is authorized to issue pension obligation bonds to fund some of the Minneapolis Teachers Retirement Fund Association (MTRFA) unfunded actuarial accrued liability, the MTRFA is consolidated into the Teachers Retirement Association (TRA), with a continuation of the current and employer funding and the imposition of an additional \$8.6 million supplementary contribution to TRA related to the former MTRFA split equally by Special School District No. 1, Minneapolis, the City of Minneapolis, and the State of Minnesota, increases TRA member and employer contribution rates by 0.5 percent of covered salary, and provides a prospective (post-2005) TRA benefit accrual rate increase of 0.3 percent of final average salary.

Article 17: Special Pre-1969 Teacher Post-Retirement Adjustment. Pre-1969 teachers who did not previously receive a Teachers Retirement Association (TRA) Improved Money Purchase Program retirement annuity are granted a special post-retirement adjustment as provided in S.F. 543 (Larson); H.F. 914 (Beard): TRA; Pre-1969 Teachers Provided with Partial Improved Money Purchase Program Savings Clause Benefit Adjustment, heard by the Commission on April 21, 2005, funded by and contingent on appropriations from the Education Reserve Account in the Special Revenue Fund.

Article 18: Creation of a Pension Default Insurance Pool. As a type of user fee on public employees and employers to reduce the potential for or the impact of a pension plan default, akin to the creation of the Pension Benefit Guarantee Corporation by the federal government in 1974, an unspecified amount is collected from each statewide or major local public retirement plan for each active member and benefit recipient, is deposited in a special fund operated by the State Board of Investment, invested, and is disbursed to forestall or ameliorate a default by any contributing public pension plan. The fee could shut off when the fund achieves a specified dollar amount. A charge of \$1 per month on all statewide and major local retirement plan active members and benefit recipients would be \$4.94 million per year. A charge of \$1 per month on all statewide and major local plan active members only would raise \$3.44 million per year.

Article 19: Deferred Annuities Augmentation Eliminated for Post-2005 Hires. The augmentation of deferred annuities is eliminated for future (post July 1, 2005) public pension plan members. The provision is related to and an extension of the change proposed in S.F. 620 (Betzold, by request); H.F. 1758 (Smith) for the General Employees Retirement Plan of the Public Employees Retirement Association (PERA-General) and the Public Employees Police and Fire Plan (PERA-P&F).

Article 20: State Government Early Retirement Incentives. The various early retirement and leave retirement credit provisions for State employees, including the employees of the State Board of Public Defense and of the Minnesota State Colleges and Universities System, and teachers, are implemented as provided for in S.F. 1057 (Pogemiller); H.F. 1120 (Powell): Various Plans; State Employees Early Retirement Incentives and Voluntary Unpaid Leave Options and heard by the Commission on May 5, 2005.

Extends the revised lump sum volunteer firefighter relief association ten-year amortization requirement to lump sum volunteer firefighter relief association investment losses which previously were not required to be amortized. Caps the amortization amount at the remaining total unfunded liability amount, so the late in the period amortization contribution requirement does not exceed the actual principal unfunded amount remaining after having been reduced by other investment or contribution gains. Limits the deduction of expected fire state aid in determining the minimum municipal contribution to a reasonable estimate and a maximum on the reasonably expected fire state aid is set at the prior year's fire state aid increased by 3.5 percent.

Permits defined contribution volunteer firefighter relief associations to credit proportional amounts of investment gains or losses along with active members as of the most recent post date for determining and crediting investment return investment and largely restricts the current deferred service pension interest provision to lump sum defined benefit volunteer firefighter relief associations.
13	Page 132, Lines 31-36; Page 133, Lines 1-23	VFRAs	SF 259 (Betzold); HF 1706 (Smith)	New 424A.021	Allows a volunteer firefighter returning from a break in service to render military service up to five years of service credit if the relief association is a defined benefit plan or up to five years of contributions if the relief association is a defined contribution plan, providing that the individual provides notice to the fire department of the break in service to provide uniformed service, and promptly returns to firefighter service covered by the same relief association (or its successor) upon return from uniformed service, and the discharge from military service is not less than honorable.
14	Page 133, Lines 24-36; Page 134, lines 1-36; Page 135, Lines 1-36	VFRAs	SF 259 (Betzold); HF 1706 (Smith)	424A.04, Subdivision 1	Makes the municipal representation on the board more flexible by replacing ex-officio members with one elected and one elected or appointed municipal officer appointed by the municipal council, to reduce the municipal representation on relief association boards of trustees associated with an independent nonprofit firefighting corporation from three board members to two board members, and to clarify the municipal representation for joint powers entities and townships.
