

Governor's Offer

Sunday, May 17, 12:30 a.m.

Close as much of the remaining \$2.7B gap (after line item vetoes) as possible through mutually agreed upon items with the goal of making as much progress as possible and limiting the size of potential unallotments.

Categories of agreement could include:

- House DFL K-12 shift level (\$1.775 billion)
- LGA, related items, \$14 million in tax compliance and other agreed upon items
- Mutually agreed upon higher education reductions
- Additional spending reductions in signed budget bills

Several of these proposals were reflected in your 9:30 p.m. Saturday offer that is still being discussed in the Legislative Commission on Planning and Fiscal Policy at this time.
