

Recommended Statewide Objectives 2011 Potential Minnesota Government Shutdown

**Prepared by the Statewide Contingency Response Team
Commissioner of MMB Jim Schowalter, Chair**

June 15, 2011

I. Planning Assumptions

- Agencies should plan to continue only priority one and two critical services;
- Agencies should plan minimal/necessary staffing levels for the priority one and two critical services.
- Agencies should include in their planning; personnel, resources (financial and others) and those support services that are both directly related to, and absolutely necessary to continue priority one and priority two critical services;

II. Statewide Priority Service Objectives

The State's Statewide Contingency Response Team (SCRT) has established five statewide objectives that must be met during a government shutdown. In order, they are:

- A. provision of basic custodial care for residents of state correctional facilities, regional treatment centers, nursing homes, veterans' homes, and residential academies and other state operated services;
- B. maintenance of public safety and immediate public health concerns;
- C. provision of benefit payments to individuals;
- D. preservation of the essential elements of the financial system of the government; and
- E. provision of *necessary* administrative and support services for the above goals.

III. Priority Service Definitions and Categories

In addition, the SCRT has established four statewide priority service definitions to meet the aforementioned objectives. All agencies must assign their services to the following four priority levels:

A. Priority 1 Critical Services (Immediate threat to public health and/or safety)

Services with critical/core activities that must remain uninterrupted. Generally, these would include agencies and facilities that operate 24-hours a day.

Categories:

- 1.0 Providing for security;
- 1.1 Medical care of inpatients and emergency outpatient care;
- 1.2 Activities essential to ensure continued public health and safety, including safe use of food, drugs, and hazardous materials;
- 1.3 Continuance of transportation safety functions and the protection of transport property;
- 1.4 Protection of lands, buildings, waterways, equipment and other property owned by the government;
- 1.5 Care of prisoners and other persons in the custody of government;
- 1.6 Law enforcement and criminal investigations;
- 1.7 Emergency and disaster response or assistance;
- 1.8 Activities that ensure the production of power and the maintenance of the power distribution system;
- 1.9 A process for maintaining communication with agency personnel and the SCRT
- 2.0 Support/Administrative services to support the Priority 1 Critical Service.

B. Priority 2 Critical Services

(Disorder or a severe, statewide economic impact may develop if not delivered in a few days)

Services with critical/core activities that have a recovery time of 25 hours to five days that can be disrupted temporarily or might be periodic in nature, but must be re-established within a few days.

Categories:

- 2.0 Activities essential to the preservation of the essential elements of the financial system of the government, including the borrowing and tax collection activities of the government and systems to support these activities;
- 2.1 Contract performance where a suspension or termination could be regarded a material default, and that could result in substantial money damages against the state, and there is no dependency on substantial support from state resources that are not funded ("substantial" means something more than merely cutting a check for payment, but rather entail the need for continued full time activity on the part of three or more full time employees);
- 2.2 Activities having a severe and permanent negative financial impact to business or vulnerable populations or groups of individuals within Minnesota.
- 2.3 Support/Administrative services to support the Priority 2 Critical Service.

C. Priority 3 Critical Services

(Services required by law or rule that can be suspended by law or rule during an emergency)

Activities with a recovery time objective of six days to 30 days that can be disrupted temporarily but must be re-established sometime before the emergency or disruptive event is over (<6 weeks).

D. Priority 4 Critical Services

(Services that could be suspended during an emergency and are not required by law or rule)

Activities with a recovery time objective of 30+ days which can be deferred for the duration of a long-term event (6-8 weeks).
