4.16 Subd. 3a. **Contribution rate revision; general state employees retirement plan**

4.17 (a) Notwithstanding the contribution rates stated in plan law, the employee and employer
4.18 contribution rates for the general state employees retirement plan must be adjusted:

4.19 (1) if the regular actuarial valuation under section 356.215 of the plan indicates that
4.20 there is a contribution sufficiency greater than one percent of covered payroll and that the
4.21 sufficiency has existed for at least two consecutive years, the employee and employer
4.22 contribution rates must be decreased as determined under paragraph (b) to a level such
4.23 that the sufficiency is no greater than one percent of covered payroll based on the most
4.24 recent actuarial valuation; or

4.25 (2) if the regular actuarial valuation under section 352.215 of the plan indicates that
4.26 there is a contribution deficiency equal to or greater than 0.5 percent of covered payroll
4.27 and that the deficiency has existed for at least two consecutive years, the employee and
4.28 employer contribution rates must be increased as determined under paragraph (c) to a level
4.29 such that no deficiency exists based on the most recent actuarial valuation.

4.30 (b) If the actuarially required contribution of the plan is less than the total support
4.31 provided by the combined employee and employer contribution rates by more than one
4.32 percent of covered payroll, the plan employee and employer contribution rates must be
4.33 decreased incrementally over one or more years by no more than 0.25 percent of pay

5.1 each for employee and employer contribution rates to a level such that there remains a
5.2 contribution sufficiency of at least one percent of covered payroll. No contribution rate
5.3 decrease may be made until at least two years have elapsed since any adjustment under
5.4 this paragraph has been fully implemented.

5.5 (c) If the actuarially required contribution exceeds the total support provided by the
5.6 employee and employer contribution rates, the employee and employer contribution rates
5.7 must be increased equally to eliminate that contribution deficiency. If the contribution
5.8 deficiency is:

5.9 (1) less than two percent, the incremental increase may be up to 0.25 percent each
5.10 for the employee and employer contribution rates;

5.11 (2) greater than 1.99 percent and less than 4.01 percent, the incremental increase
5.12 may be up to 0.5 percent each for the employee and employer contribution rates; or

5.13 (3) greater than four percent, the incremental increase may be up to 0.75 percent
5.14 each for the employee and employer contribution.

5.15 (d) Any recommended adjustment to the contribution rates must be reported to
5.16 the chair and the executive director of the Legislative Commission on Pensions and
5.17 Retirement by January 15 following receipt of the most recent annual actuarial valuation
5.18 prepared under section 356.215. The report must include draft legislation to revise the
5.19 employee and employer contributions stated in plan law. If the Legislative Commission
5.20 on Pensions and Retirement does not recommend against the rate change or does not
5.21 recommend a modification in the rate change, the recommended adjustment becomes
5.22 effective on the first day of the first full payroll period in the fiscal year following receipt
5.23 of the most recent actuarial valuation that gave rise to the adjustment.

5.24 (e) A contribution sufficiency of up to one percent of covered payroll must be held
5.25 in reserve to be used to offset any future actuarially required contributions that are more
5.26 than the total combined employee and employer contributions.

5.27 (f) Before any reduction in contributions to eliminate a sufficiency in excess of one
5.28 percent of covered pay may be recommended, the executive director must review any
5.29 need for a change in actuarial assumptions, as recommended by the actuary retained under
5.30 section 356.214 in the most recent experience study of the general employees retirement
5.31 plan prepared under section 356.215 and the standards for actuarial work promulgated by
5.32 the Legislative Commission on Pensions and Retirement that may result in an increase
5.33 in the actuarially required contribution and must report to the Legislative Commission
5.34 on Pensions and Retirement any recommendation by the board to use the sufficiency
5.35 exceeding one percent of covered payroll to offset the impact of an actuarial assumption

6.1 change recommended by the actuary retained under section 356.214, subdivision 1, and
6.2 reviewed by the actuary retained by the commission under section 356.214, subdivision 4.

6.3 (g) No contribution sufficiency in excess of one percent of covered pay may be
6.4 proposed to be used to increase benefits, and no benefit increase may be proposed that
6.5 would initiate an automatic adjustment to increase contributions under this subdivision.
6.6 Any proposed benefit improvement must include a recommendation, prepared by the
6.7 actuary retained under section 356.214, subdivision 1, and reviewed by the actuary
6.8 retained by the Legislative Commission on Pensions and Retirement as provided under
6.9 section 356.214, subdivision 4, on how the benefit modification will be funded.

6.10 **EFFECTIVE DATE.** This section is effective the day following final enactment.

6.11 Sec. 12. Minnesota Statutes 2012, section 352.045, is amended by adding a subdivision
6.12 to read:

6.13 Subd. 3b. **Contribution rate revision; correctional state employees retirement**
6.14 **plan and State Patrol retirement plan.** (a) Subdivision 3a applies to the correctional
6.15 state employees retirement plan under this chapter and to the State Patrol retirement plan
6.16 established under chapter 352B, except as stated in this subdivision.

6.17 (b) Any limitations on the amount of contribution rate changes stated in subdivision
6.18 3a apply only to the amount of the employee contribution revision. The employer
6.19 contribution for the correctional state employees retirement plan or the State Patrol
6.20 retirement plan, whichever is applicable, must be adjusted so that the employer
6.21 contribution is equal to 60 percent of the sum of employee plus employer contributions.

6.22 (c) For the State Patrol retirement plan, a contribution sufficiency of up to two
6.23 percent of covered payroll, rather than one percent, may be held in reserves without taking
6.24 action to reduce employee and employer contributions.

6.25 **EFFECTIVE DATE.** This section is effective the day following final enactment.

6.26 Sec. 13. Minnesota Statutes 2012, section 352.113, subdivision 4, is amended to read:

6.27 Subd. 4. **Medical or psychological examinations; authorization for payment of**
6.28 **benefit.** (a) Any physician, psychologist, chiropractor, or physician assistant providing
6.29 any service specified in this section must be licensed.

6.30 (b) An applicant shall provide ~~medical, chiropractic, or psychological~~ a detailed
6.31 report signed by a physician, and at least one additional report signed by a physician,
6.32 chiropractor, psychologist, or physician assistant with evidence to support an application
6.33 for total and permanent disability.

7.1 ~~(b) The director shall have the employee examined by at least one additional~~
7.2 ~~licensed chiropractor, physician, or psychologist designated by the medical adviser. The~~
7.3 ~~chiropractors, physicians, or psychologists shall make written reports to the director~~
7.4 ~~concerning the employee's disability including must include an expert opinions as to~~
7.5 ~~opinion regarding whether the employee is permanently and totally disabled within~~
7.6 ~~the meaning of section 352.01, subdivision 17, and that the disability arose before the~~
7.7 ~~employee was placed on any paid or unpaid leave of absence or terminated public service.~~

7.8 (c) If there is medical evidence that supports the expectation that at some point
7.9 the person applying for the disability benefit will no longer be disabled, the decision
7.10 granting the disability benefit may provide for a termination date upon which the total and
7.11 permanent disability can be expected to no longer exist. When a termination date is part
7.12 of the decision granting benefits, prior to the benefit termination the executive director
7.13 shall review any evidence provided by the disabled employee to show that the disabling
7.14 condition for which benefits were initially granted continues. If the benefits cease, the
7.15 disabled employee may follow the appeal procedures described in section 356.96 or may
7.16 reapply for disability benefits using the process described in this subdivision.

7.17 (d) Any claim to disability must be supported by a report from the employer
7.18 indicating that there is no available work that the employee can perform with the disabling
7.19 condition and that all reasonable accommodations have been considered. Upon request of
7.20 the executive director, an employer shall provide evidence of the steps the employer has
7.21 taken to attempt to provide reasonable accommodations and continued employment to
7.22 the claimant.

7.23 ~~(e)~~ (e) The director shall also obtain written certification from the employer
7.24 stating whether the employment has ceased or whether the employee is on sick leave of
7.25 absence because of a disability that will prevent further service to the employer and ~~as a~~
7.26 ~~consequence~~ that the employee is not entitled to compensation from the employer.

7.27 ~~(f)~~ (f) The medical adviser shall consider the reports of the physicians, physician
7.28 assistants, psychologists, and chiropractors and any other evidence supplied by the
7.29 employee or other interested parties. If the medical adviser finds the employee totally and
7.30 permanently disabled, the adviser shall make appropriate recommendation to the director
7.31 in writing together with the date from which the employee has been totally disabled. The
7.32 director shall then determine if the disability occurred within 18 months of filing the
7.33 application, while still in the employment of the state, and the propriety of authorizing
7.34 payment of a disability benefit as provided in this section.

7.35 ~~(g)~~ (g) A terminated employee may apply for a disability benefit within 18 months of
7.36 termination as long as the disability occurred while in the employment of the state. The

8.1 fact that an employee is placed on leave of absence without compensation because of
8.2 disability does not bar that employee from receiving a disability benefit.

8.3 (f) (h) Unless the payment of a disability benefit has terminated because the
8.4 employee is no longer totally disabled, or because the employee has reached normal
8.5 retirement age as provided in this section, the disability benefit must cease with the last
8.6 payment received by the disabled employee or which had accrued during the lifetime of the
8.7 employee unless there is a spouse surviving. In that event, the surviving spouse is entitled
8.8 to the disability benefit for the calendar month in which the disabled employee died.

8.16 paid for by the system.

8.17 **EFFECTIVE DATE.** This section is effective the day following final enactment.

8.18 Sec. 15. Minnesota Statutes 2012, section 352.113, subdivision 6, is amended to read:

8.28 medical adviser indicates that the employee is no longer permanently and totally disabled,
8.29 or is engaged in or can engage in a gainful occupation, payments of the disability benefit
8.30 by the fund must be discontinued. The payments must be discontinued as soon as the
8.31 employee is reinstated to the payroll following a sick leave of absence, but in no case may
8.32 payment be made for more than 60 days after the medical adviser finds that the employee
8.33 is no longer permanently and totally disabled.

31.9 **EFFECTIVE DATE.** This section is effective the day following final enactment.

31.10 Sec. 2. Minnesota Statutes 2012, section 353.01, subdivision 16, is amended to read:

31.11 Subd. 16. **Allowable service; limits and computation.** (a) "Allowable service"
31.12 means:

31.13 (1) service during years of actual membership in the course of which employee
31.14 deductions were withheld from salary and contributions were made at the applicable rates
31.15 under section 353.27, 353.65, or 353E.03;

31.16 (2) periods of service covered by payments in lieu of salary deductions under
31.17 sections 353.27, subdivision 12, and 353.35;

31.18 (3) service in years during which the public employee was not a member but for
31.19 which the member later elected, while a member, to obtain credit by making payments to
31.20 the fund as permitted by any law then in effect;

31.21 (4) a period of authorized leave of absence with pay from which deductions for
31.22 employee contributions are made, deposited, and credited to the fund;

31.23 (5) a period of authorized personal, parental, or medical leave of absence without
31.24 pay, including a leave of absence covered under the federal Family Medical Leave Act,
31.25 that does not exceed one year, and for which a member obtained service credit for each
31.26 month in the leave period by payment under section 353.0161 to the fund made in place of
31.27 salary deductions. An employee must return to public service and render a minimum of
31.28 three months of allowable service in order to be eligible to make payment under section
31.29 353.0161 for a subsequent authorized leave of absence without pay. Upon payment, the
31.30 employee must be granted allowable service credit for the purchased period;

31.31 (6) a periodic, repetitive leave that is offered to all employees of a governmental
31.32 subdivision. The leave program may not exceed 208 hours per annual normal work cycle
31.33 as certified to the association by the employer. A participating member obtains service
31.34 credit by making employee contributions in an amount or amounts based on the member's
31.35 average salary, excluding overtime pay, that would have been paid if the leave had not been

32.1 taken. The employer shall pay the employer and additional employer contributions on
32.2 behalf of the participating member. The employee and the employer are responsible to pay
32.3 interest on their respective shares at the rate of 8.5 percent a year, compounded annually,
32.4 from the end of the normal cycle until full payment is made. An employer shall also make
32.5 the employer and additional employer contributions, plus 8.5 percent interest, compounded
32.6 annually, on behalf of an employee who makes employee contributions but terminates
32.7 public service. The employee contributions must be made within one year after the end of
32.8 the annual normal working cycle or within 30 days after termination of public service,
32.9 whichever is sooner. The executive director shall prescribe the manner and forms to be
32.10 used by a governmental subdivision in administering a periodic, repetitive leave. Upon
32.11 payment, the member must be granted allowable service credit for the purchased period;

32.12 (7) an authorized temporary or seasonal layoff under subdivision 12, limited to three
32.13 months allowable service per authorized temporary or seasonal layoff in one calendar year.
32.14 An employee who has received the maximum service credit allowed for an authorized
32.15 temporary or seasonal layoff must return to public service and must obtain a minimum of
32.16 three months of allowable service subsequent to the layoff in order to receive allowable
32.17 service for a subsequent authorized temporary or seasonal layoff;

32.18 (8) a period during which a member is absent from employment by a governmental
32.19 subdivision by reason of service in the uniformed services, as defined in United States
32.20 Code, title 38, section 4303(13), if the member returns to public service with the same
32.21 governmental subdivision upon discharge from service in the uniformed service within the
32.22 time frames required under United States Code, title 38, section 4312(e), provided that
32.23 the member did not separate from uniformed service with a dishonorable or bad conduct
32.24 discharge or under other than honorable conditions. The service must be credited if the
32.25 member pays into the fund equivalent employee contributions based upon the contribution
32.26 rate or rates in effect at the time that the uniformed service was performed multiplied
32.27 by the full and fractional years being purchased and applied to the annual salary rate.
32.28 The annual salary rate is the average annual salary, ~~excluding overtime pay~~, during the
32.29 purchase period that the member would have received if the member had continued to
32.30 be employed in covered employment rather than to provide uniformed service, or, if
32.31 the determination of that rate is not reasonably certain, the annual salary rate is the
32.32 member's average salary rate, ~~excluding overtime pay~~, during the 12-month period of
32.33 covered employment rendered immediately preceding the period of the uniformed service.
32.34 Payment of the member equivalent contributions must be made during a period that begins
32.35 with the date on which the individual returns to public employment and that is three times
32.36 the length of the military leave period, or within five years of the date of discharge from

33.1 the military service, whichever is less. If the determined payment period is less than
33.2 one year, the contributions required under this clause to receive service credit may be
33.3 made within one year of the discharge date. Payment may not be accepted following 30
33.4 days after termination of public service under subdivision 11a. If the member equivalent
33.5 contributions provided for in this clause are not paid in full, the member's allowable
33.6 service credit must be prorated by multiplying the full and fractional number of years of
33.7 uniformed service eligible for purchase by the ratio obtained by dividing the total member
33.8 contributions received by the total member contributions otherwise required under this
33.9 clause. The equivalent employer contribution, and, if applicable, the equivalent additional
33.10 employer contribution must be paid by the governmental subdivision employing the
33.11 member if the member makes the equivalent employee contributions. The employer
33.12 payments must be made from funds available to the employing unit, using the employer
33.13 and additional employer contribution rate or rates in effect at the time that the uniformed
33.14 service was performed, applied to the same annual salary rate or rates used to compute the
33.15 equivalent member contribution. The governmental subdivision involved may appropriate
33.16 money for those payments. The amount of service credit obtainable under this section may
33.17 not exceed five years unless a longer purchase period is required under United States Code,
33.18 title 38, section 4312. The employing unit shall pay interest on all equivalent member and
33.19 employer contribution amounts payable under this clause. Interest must be computed at a
33.20 rate of 8.5 percent compounded annually from the end of each fiscal year of the leave or the
33.21 break in service to the end of the month in which the payment is received. Upon payment,
33.22 the employee must be granted allowable service credit for the purchased period; or

33.23 (9) a period specified under section 353.0162.

33.24 (b) For calculating benefits under sections 353.30, 353.31, 353.32, and 353.33 for
33.25 state officers and employees displaced by the Community Corrections Act, chapter 401,
33.26 and transferred into county service under section 401.04, "allowable service" means the
33.27 combined years of allowable service as defined in paragraph (a), clauses (1) to (6), and
33.28 section 352.01, subdivision 11.

33.29 (c) For a public employee who has prior service covered by a local police or
33.30 firefighters relief association that has consolidated with the Public Employees Retirement
33.31 Association under chapter 353A or to which section 353.665 applies, and who has
33.32 elected the type of benefit coverage provided by the public employees police and fire
33.33 fund either under section 353A.08 following the consolidation or under section 353.665,
33.34 subdivision 4, "allowable service" is a period of service credited by the local police or
33.35 firefighters relief association as of the effective date of the consolidation based on law

34.1 and on bylaw provisions governing the relief association on the date of the initiation
34.2 of the consolidation procedure.

34.3 (d) No member may receive more than 12 months of allowable service credit in a
34.4 year either for vesting purposes or for benefit calculation purposes. For an active member
34.5 who was an active member of the former Minneapolis Firefighters Relief Association
34.6 on December 29, 2011, "allowable service" is the period of service credited by the
34.7 Minneapolis Firefighters Relief Association as reflected in the transferred records of the
34.8 association up to December 30, 2011, and the period of service credited under paragraph
34.9 (a), clause (1), after December 30, 2011. For an active member who was an active member
34.10 of the former Minneapolis Police Relief Association on December 29, 2011, "allowable
34.11 service" is the period of service credited by the Minneapolis Police Relief Association as
34.12 reflected in the transferred records of the association up to December 30, 2011, and the
34.13 period of service credited under paragraph (a), clause (1), after December 30, 2011.

34.15 **EFFECTIVE DATE.** This section is effective the day following final enactment.

34.16 Sec. 3. Minnesota Statutes 2012, section 353.01, subdivision 17a, is amended to read:

34.17 Subd. 17a. **Average salary.** (a) "Average salary," ~~for purposes of calculating a~~
34.18 ~~retirement annuity under section 353.29, subdivision 3~~ unless otherwise specified, means
34.19 an amount equivalent to the average of the highest salary of the member, police officer,
34.20 or firefighter, whichever applies, upon which employee contributions were paid for any
34.21 five successive years of allowable service, based on dates of salary periods as listed on
34.22 salary deduction reports. Average salary must be based upon all allowable service if
34.23 this service is less than five years.

34.24 (b) "Average salary" may not include any reduced salary paid during a period
34.25 in which the employee is entitled to benefit payments from workers' compensation for
34.26 temporary disability, unless the average salary is higher, including this period.

34.27 (c) "Average salary," for purposes of calculating benefits for a surviving spouse or
34.28 dependent children under section 353.657, subdivision 2 or 3, means the average of the
34.29 full-time monthly base salary rate in effect during the last six months of allowable service.
34.30 If the employment during the last six months of allowable service was part-time, the
34.31 average salary must be prorated based on the actual number of hours worked.

34.32 **EFFECTIVE DATE.** This section is effective the day following final enactment.

34.33 Sec. 4. Minnesota Statutes 2012, section 353.01, subdivision 29, is amended to read:

35.1 Subd. 29. **Designated beneficiary.** "Designated beneficiary" means the person or,
 35.2 organization, trust, or estate designated by a member, former member, ~~disabilitant, or~~
 35.3 ~~retired member in writing, signed and filed with the association before the death of the~~
 35.4 ~~member, former member, disabilitant, or retired member,~~ or a person legally authorized
 35.5 to act on behalf of the member or former member to receive a refund of the balance of
 35.6 the member's or former member's accumulated deductions after death. A beneficiary
 35.7 designation is valid if it is made in the form prescribed by the executive director and
 35.8 is received by the association on or before the date of death of the member or former
 35.9 member. If a beneficiary designation is deemed to be invalid for any reason, any remaining
 35.10 balance of the member's or former member's accumulated deductions are subject to the
 35.11 provisions of section 353.32, subdivisions 4 and 5.

35.12 **EFFECTIVE DATE.** This section is effective the day following final enactment.

35.13 Sec. 5. Minnesota Statutes 2012, section 353.27, subdivision 7, is amended to read:

35.14 Subd. 7. **Adjustment for erroneous receipts or disbursements.** (a) Except
 35.15 as provided in paragraph (b), erroneous employee deductions and erroneous employer
 35.16 contributions and additional employer contributions to the general employees retirement
 35.17 plan of the Public Employees Retirement Association or to the public employees police
 35.18 and fire retirement plan for a person who otherwise does not qualify for membership
 35.19 under this chapter, are considered:

35.20 (1) valid if the initial erroneous deduction began before January 1, 1990. Upon
 35.21 determination of the error by the association, the person may continue membership in the
 35.22 association while employed in the same position for which erroneous deductions were
 35.23 taken, or file a written election to terminate membership and apply for a refund upon
 35.24 termination of public service or defer an annuity under section 353.34; or

35.25 (2) invalid, if the initial erroneous employee deduction began on or after January 1,
 35.26 1990. Upon determination of the error, the association shall refund all erroneous employee
 35.27 deductions and all erroneous employer contributions as specified in paragraph (e). No
 35.28 person may claim a right to continued or past membership in the association based on
 35.29 erroneous deductions which began on or after January 1, 1990.

35.30 (b) Erroneous deductions taken from the salary of a person who did not qualify
 35.31 for membership in the general employees retirement plan of the Public Employees
 35.32 Retirement Association or in the public employees police and fire retirement plan by
 35.33 virtue of concurrent employment before July 1, 1978, which required contributions to
 35.34 another retirement fund or relief association established for the benefit of officers and
 35.35 employees of a governmental subdivision, are invalid. Upon discovery of the error,

36.1 allowable service credit for all invalid service if forfeited and, upon termination of public
36.2 service, the association shall refund all erroneous employee deductions to the person, with
36.3 interest as determined under section 353.34, subdivision 2, and all erroneous employer
36.4 contributions without interest to the employer. This paragraph has both retroactive and
36.5 prospective application.

36.6 (c) Adjustments to correct employer contributions and employee deductions taken
36.7 in error from amounts which are not salary under section 353.01, subdivision 10, must
36.8 be made as specified in paragraph (e). The period of adjustment must be limited to the
36.9 fiscal year in which the error is discovered by the association and the immediate two
36.10 preceding fiscal years.

36.11 (d) If there is evidence of fraud or other misconduct on the part of the employee or
36.12 the employer, the board of trustees may authorize adjustments to the account of a member
36.13 or former member to correct erroneous employee deductions and employer contributions
36.14 on invalid salary and the recovery of any overpayments for a period longer than provided
36.15 for under paragraph (c).

36.16 (e) Upon discovery of the receipt of erroneous employee deductions and employer
36.17 contributions under paragraph (a), clause (2), or paragraph (c), the association must require
36.18 the employer to discontinue the erroneous employee deductions and erroneous employer
36.19 contributions reported on behalf of a member. Upon discontinuation, the association must:

36.20 (1) for a member, provide a refund in the amount of the invalid employee deductions
36.21 with interest on the invalid employee deductions at the rate specified under section 353.34,
36.22 subdivision 2, from the received date of each invalid salary transaction through the date
36.23 the credit or refund is made;

36.24 (2) for a former member who:

36.25 (i) is not receiving a retirement annuity or benefit, return the erroneous employee
36.26 deductions to the former member through a refund with interest at the rate specified under
36.27 section 353.34, subdivision 2, from the received date of each invalid salary transaction
36.28 through the date the credit or refund is made; or

36.29 (ii) is receiving a retirement annuity or disability benefit, or a person who is
36.30 receiving an optional annuity or survivor benefit, for whom it has been determined an
36.31 overpayment must be recovered, adjust the payment amount and recover the overpayments
36.32 as provided under this section; and

36.33 (3) return the invalid employer contributions reported on behalf of a member or
36.34 former member to the employer by providing a credit against future contributions payable
36.35 by the employer.

37.1 (f) In the event that a salary warrant or check from which a deduction for the
37.2 retirement fund was taken has been canceled or the amount of the warrant or check
37.3 returned to the funds of the department making the payment, a refund of the sum
37.4 deducted, or any portion of it that is required to adjust the deductions, must be made
37.5 to the department or institution.

37.6 (g) If the ~~accrual date of any~~ association discovers that a retirement annuity, survivor
37.7 benefit, or disability benefit is within the limitation period specified in paragraph (e), and
37.8 an overpayment has resulted has been incorrectly calculated by using invalid service or
37.9 salary, or due to any erroneous calculation procedure, the association must recalculate
37.10 the annuity or benefit payable and recover any begin payment of the corrected annuity or
37.11 benefit effective the first of the month following discovery of the error. Any overpayment
37.12 resulting from the incorrect calculation must be recovered as provided under subdivision
37.13 7b, if the accrual date, or any adjustment in the amount of the annuity or benefit calculated
37.14 after the accrual date, except adjustments required under section 353.656, subdivision 4,
37.15 falls within the current fiscal year and the two immediate previous fiscal years.

37.16 (h) Notwithstanding the provisions of this subdivision, the association may apply
37.17 the Revenue Procedures defined in the federal Internal Revenue Service Employee Plans
37.18 Compliance Resolution System and not issue a refund of erroneous employee deductions
37.19 and employer contributions or not recover a small overpayment of benefits if the cost to
37.20 correct the error would exceed the amount of the member refund or overpayment.

37.21 (i) Any fees or penalties assessed by the federal Internal Revenue Service for any
37.22 failure by an employer to follow the statutory requirements for reporting eligible members
37.23 and salary must be paid by the employer.

37.24 **EFFECTIVE DATE.** This section is effective the day following final enactment.

37.25 Sec. 6. Minnesota Statutes 2012, section 353.34, subdivision 1, is amended to read:

37.26 Subdivision 1. **Refund or deferred annuity.** (a) A former member is entitled to
37.27 either a refund of accumulated employee deductions under subdivision 2, or to a deferred
37.28 annuity under subdivision 3. Application for a refund may not be made before the date of
37.29 termination of public service. ~~Except as specified in paragraph (b),~~ A refund must be paid
37.30 within 120 days following receipt of the application unless the applicant has again become
37.31 a public employee required to be covered by the association.

37.32 (b) If an individual was placed on layoff under section 353.01, subdivision 12 or 12c,
37.33 a refund is not payable before termination of service under section 353.01, subdivision 11a.

37.34 (c) An individual who terminates public service covered by the Public Employees
37.35 Retirement Association general employees retirement plan, the MERF division, the Public

38.1 Employees Retirement Association police and fire retirement plan, or the public employees
 38.2 local government correctional service retirement plan, and who is employed by a different
 38.3 employer and who becomes an active member covered by one of the other two plans, may

 38.5 from which the member terminated service at the applicable rate specified in subdivision 2.

 38.9 who ceases to be a public employee is entitled to receive a refund in an amount equal to
 38.10 accumulated deductions with annual compound interest to the first day of the month
 38.11 in which the refund is processed.

38.12 (b) For a person who ceases to be a public employee before July 1, 2011, the refund
 38.13 interest is at the rate of six percent to June 30, 2011, and at the rate of four percent after
 38.14 June 30, 2011. For a person who ceases to be a public employee after July 1, 2011, the
 38.15 refund interest is at the rate of four percent.

38.16 (c) If a person repays a refund and subsequently applies for another refund, the
 38.17 repayment amount, including interest, is added to the fiscal year balance in which the
 38.18 repayment was made.

38.19 (d) If the refund payable to a member is based on employee deductions that are
 38.20 determined to be invalid under section 353.27, subdivision 7, the interest payable on the
 38.21 invalid employee deductions is four percent.

38.22 **EFFECTIVE DATE.** This section is effective the day following final enactment.

40.21 notwithstanding any designation of beneficiary to the contrary, the surviving spouse may
40.22 elect to receive a death while eligible survivor benefit.

40.23 (b) Notwithstanding the definition of surviving spouse in section 353.01, subdivision
40.24 20, a former spouse of the member, if any, is entitled to a portion of the death while

41.7 contributions which were credited to the account of the deceased employee over and
41.8 above the total of the annuities paid and payable to the surviving spouse must be paid to
41.9 the deceased member's last designated beneficiary or, if none, to the legal representative of

41.23 paragraph (c), as a member of the police and fire plan ~~in effect over the last six months of~~
41.24 ~~allowable service preceding the month in which death occurred.~~

41.25 (b) If the member's status changed from full-time to part-time due to health reasons
41.26 during the last 12 months of employment, notwithstanding the definition of average salary
41.27 in section 353.01, subdivision 17a, paragraph (c), the average salary used to compute the
41.28 monthly dependent child benefit must be based on the full-time salary rate of the position
41.29 held as a member of the police and fire plan in effect over the last six months of allowable
41.30 service preceding the month in which the death occurred.

41.31 (c) Payments for the benefit of a dependent child must be made to the surviving

43.10 Sec. 16. Minnesota Statutes 2012, section 353F.02, subdivision 6, is amended to read:

43.11 Subd. 6. ~~Terminated medical facility or other~~ **Privatized former public**

43.14 (1) was employed by the privatized former public employer on the day before the
43.15 effective date ~~by the medical facility or other public employing unit of privatization;~~ or

43.19 Employees Retirement Association at the time of termination of employment with the
43.20 ~~medical facility or other~~ privatized former public employing unit employer.

43.21 (b) "Privatized former public employee" does not mean a person who, on the day
43.22 before the effective date of privatization, was simultaneously employed with the privatized
43.23 former public employer and by a governmental subdivision under section 353.01,

43.25 service credit under section 353.01, subdivision 16, through simultaneous employment
43.26 with a governmental subdivision.

43.27 **EFFECTIVE DATE.** This section is effective the day following final enactment.

43.28 Sec. 17. Minnesota Statutes 2012, section 353F.025, subdivision 1, is amended to read:

43.29 Subdivision 1. **Eligibility determination.** (a) The chief clerical officer of a

43.31 executive director of the Public Employees Retirement Association which supports
43.32 providing coverage under this chapter for employees of that governmental subdivision

44.1 who are privatized, and which states that the governing body will pay for actuarial
44.2 calculations, as further specified in paragraph (c).

44.3 (b) The governing body must also provide a copy of any applicable purchase or
44.4 lease agreement and any other information requested by the executive director to allow the
44.5 executive director to verify that under the proposed employer change, the new employer
44.6 does not qualify as a governmental subdivision under section 353.01, subdivision 6,
44.7 making the employees ineligible for continued coverage as active members of the general
44.8 employees retirement plan of the Public Employees Retirement Association.

44.9 (c) Following receipt of a resolution and a determination by the executive director
44.10 that the new employer is not a governmental subdivision, the executive director shall
44.11 direct the consulting actuary retained under section 356.214 to determine whether the
44.12 general employees retirement plan of the Public Employees Retirement Association, if
44.13 coverage under this chapter is provided, is expected to receive a net gain or a net loss if
44.14 privatization occurs. A net gain is expected if the actuarial liability of the special benefit
44.15 coverage provided under this chapter, if extended to the applicable employees under the
44.16 privatization, is less than the actuarial gain otherwise to accrue to the plan. A net loss is
44.17 expected if the actuarial accrued liability of the special benefit coverage provided under
44.18 this chapter, if extended to the applicable employees under the privatization, is more than
44.19 the actuarial gain otherwise to accrue to the plan. The date of the actuarial calculations
44.20 used to make this determination must be within one year of the effective date, ~~as defined~~
44.21 ~~in section 353F.02, subdivision 3 of privatization.~~

44.22 **EFFECTIVE DATE.** This section is effective the day following final enactment.

44.23 Sec. 18. Minnesota Statutes 2012, section 353F.025, subdivision 2, is amended to read:

44.24 Subd. 2. **Recommendation to legislature Reporting privatizations.** (a) If the
44.25 actuarial calculations under subdivision 1, paragraph (c), indicate ~~that privatization can~~
44.26 be approved because a net gain to the general employees retirement plan of the Public
44.27 Employees Retirement Association is expected due to the privatization, or if paragraph (e)
44.28 (b) applies, the executive director shall, following acceptance of the actuarial calculations
44.29 by the board of trustees, forward a recommendation notice and supporting documentation,
44.30 including a copy of the actuary's report and findings, to the chair of the ~~Legislative~~
44.31 ~~Commission on Pensions and Retirement, the chair of the Governmental Operations,~~
44.32 ~~Reform, Technology and Elections Committee of the house of representatives, the chair~~

44.34 and the executive director of the Legislative Commission on Pensions and Retirement
44.35 and the chairs and the ranking minority members of the committees with jurisdiction over

45.1 governmental operations in the house of representatives and senate. The recommendation
45.2 must be in the form of an addition to the definition of "medical facility" under section
45.3 353F.02, subdivision 4, or to "other public employing unit" under section 353F.02,
45.4 subdivision 5, whichever is applicable. The recommendation must be forwarded to the
45.5 legislature before January 15 for the recommendation to be considered in that year's
45.6 legislative session. The recommendation may be included as part of public pension

45.8 (b) ~~If a medical facility or other public employing unit listed under section 353F.02,~~
45.9 ~~subdivision 4 or 5, fails to privatize within one year of the final enactment date of the~~
45.10 ~~legislation adding the entity to the applicable definition, its inclusion under this chapter is~~
45.11 ~~voided, and the executive director shall include in the subsequent proposed legislation under~~
45.12 ~~paragraph (a) a recommendation that the applicable entity be stricken from the definition.~~

45.13 (e) (b) If the calculations under subdivision 1, paragraph (c), indicate a net loss, the
45.14 executive director shall ~~forward a recommendation~~ recommend to the board of trustees
45.15 that the privatization be included as an addition under paragraph (a) approved if the chief
45.16 clerical officer of the applicable governmental subdivision submits a resolution from
45.17 the governing body specifying that a lump sum payment will be made to the executive
45.18 ~~director~~ Public Employees Retirement Association equal to the net loss, plus interest.
45.19 The interest must be computed using the applicable ultimate preretirement interest rate
45.20 assumption under section 356.215, subdivision 8, expressed as a monthly rate, from the
45.21 date of the actuarial valuation from which the actuarial accrued liability data was used to
45.22 determine the net loss in the actuarial study under subdivision 1, to the date of payment,
45.23 with annual compounding. Payment must be made on or after the effective date defined
45.24 under section 353F.02 of privatization.

45.25 (c) The Public Employees Retirement Association must maintain a list that includes
45.26 the names of all privatized former public employers in the association's comprehensive
45.27 annual financial report and on the association's Web site. Annually by March 1, the
45.28 association must submit to the executive director of the Legislative Commission on
45.29 Pensions and Retirement the names of any privatized former public employers approved
45.30 since the publication of the previous fiscal year's comprehensive annual financial report.

45.31 **EFFECTIVE DATE.** This section is effective the day following final enactment.

45.32 Sec. 19. Minnesota Statutes 2012, section 353F.03, is amended to read:

45.33 **353F.03 VESTING RULE FOR CERTAIN EMPLOYEES.**

46.1 Notwithstanding any provision of chapter 353 to the contrary, a ~~terminated medical~~
46.2 ~~facility or other privatized former public employing unit~~ employee is eligible to receive a
46.3 retirement annuity under section 353.29 of the edition of Minnesota Statutes published
46.4 in the year before the year in which the privatization occurred, without regard to the
46.5 requirement specified in section 353.01, subdivision 47.

46.6 **EFFECTIVE DATE.** This section is effective the day following final enactment.

46.7 Sec. 20. Minnesota Statutes 2012, section 353F.04, is amended to read:

46.8 **353F.04 AUGMENTATION INTEREST RATES FOR ~~TERMINATED~~**
46.9 **~~MEDICAL OR OTHER~~ PRIVATIZED FORMER PUBLIC EMPLOYING UNIT**
46.10 **~~FACILITY~~ EMPLOYEES.**

46.11 Subdivision 1. **Enhanced augmentation rates.** (a) The deferred annuity of a
46.12 ~~terminated medical facility or other privatized former public employing unit~~ employee is
46.13 subject to augmentation under section 353.71, subdivision 2, of the edition of Minnesota
46.14 Statutes published in the year in which the privatization occurred, except that the rate of
46.15 augmentation is as specified in this subdivision.

46.16 (b) This paragraph applies if the ~~legislation adding the medical facility or other~~
46.17 ~~employing unit to section 353F.02, subdivision 4 or 5, as applicable, effective date of~~
46.18 ~~privatization was enacted before July 26, 2005, and became effective before January 1,~~
46.19 ~~2008, for the Hutchinson Area Health Care on or before January 1, 2007, for all other~~
46.20 ~~medical facilities and all other employing units~~ and also applies to Hutchinson Area Health
46.21 Care with a privatization effective date of January 1, 2008. For a ~~terminated medical~~
46.22 ~~facility or other privatized former public employing unit~~ employee, the augmentation
46.23 rate is 5.5 percent compounded annually until January 1 following the year in which the
46.24 person attains age 55. From that date to the effective date of retirement, the augmentation
46.25 rate is 7.5 percent compounded annually.

46.26 (c) If paragraph (b) is not applicable, and if the effective date of the privatization is
46.27 before January 1, 2011, the augmentation rate is four percent compounded annually until
46.28 January 1, following the year in which the person attains age 55. From that date to the
46.29 effective date of retirement, the augmentation rate is six percent compounded annually.

46.30 (d) If the effective date of the privatization is after December 31, 2010, the applicable
46.31 augmentation rate depends on the result of computations specified in section 353F.025,
46.32 subdivision 1. If those computations indicate no loss or a net gain to the fund of the
46.33 general employees retirement plan of the Public Employees Retirement Association, the
46.34 augmentation rate is 2.0 percent compounded annually until the effective date of retirement.

47.1 If the computations under that subdivision indicate a net loss to the fund if a 2.0 percent
 47.2 augmentation rate is used, but a net gain or no loss if a 1.0 percent rate is used, then the
 47.3 augmentation rate is 1.0 percent compounded annually until the effective date of retirement.

47.4 ~~(e) The term "effective date of the privatization" as used in this subdivision means~~
 47.5 ~~the "effective date" as defined in section 353F.02, subdivision 3.~~

47.6 Subd. 2. **Exceptions.** The increased augmentation rates specified in subdivision
 47.7 1 do not apply if ~~the terminated medical facility or other~~ to a privatized former public
 47.8 employing unit employee:

47.9 (1) beginning the first of the month in which the privatized former public employee
 47.10 becomes covered again by a retirement plan enumerated in section 356.30, subdivision 3, if
 47.11 the employee continues to be covered and accrues at least six months of credited service; or

47.12 (2) beginning the first of the month after a privatized former public employee
 47.13 terminates service with the successor entity; or

47.14 ~~(2) (3) if the person~~ begins receipt of a retirement annuity while employed by
 47.15 the employer which assumed operations of or purchased the medical facility or other
 47.16 privatized former public employing unit or purchased the medical facility or other public
 47.17 employing unit employer.

 47.27 employment on the effective date of privatization and does not apply for a refund of
 47.28 contributions under section 353.34, subdivision 1, of the edition of Minnesota Statutes
 47.29 published in the year before the year in which the privatization occurred, or any similar
 47.30 provision, includes service with the successor employer to the ~~medical facility or other~~

48.3 medical facility. The ~~terminated eligible individual~~ privatized former public employee, or
48.4 an individual authorized to act on behalf of that ~~individual~~ employee, may apply for an

59.20 Sec. 13. Minnesota Statutes 2012, section 69.021, subdivision 5, is amended to read:

59.21 Subd. 5. **Calculation of state aid.** (a) The amount of fire state aid available for
59.22 apportionment, before the addition of the minimum fire state aid allocation amount under
59.23 subdivision 7, is equal to 107 percent of the amount of premium taxes paid to the state
59.24 upon the fire, lightning, sprinkler leakage, and extended coverage premiums reported to
59.25 the commissioner by insurers on the Minnesota Firetown Premium Report. This amount
59.26 must be reduced by the amount required to pay the state auditor's costs and expenses of
59.27 the audits or exams of the firefighters relief associations.

59.28 The total amount for apportionment in respect to fire state aid must not be less than
59.29 two percent of the premiums reported to the commissioner by insurers on the Minnesota
59.30 Firetown Premium Report after subtracting the following amounts:

59.31 (1) the amount required to pay the state auditor's costs and expenses of the audits or
59.32 exams of the firefighters relief associations; and

59.33 (2) one percent of the premiums reported by town and farmers' mutual insurance
59.34 companies and mutual property and casualty companies with total assets of \$5,000,000 or
59.35 less.

60.1 (b) The total amount for apportionment as police state aid is equal to 104 percent
60.2 of the amount of premium taxes paid to the state on the premiums reported to the
60.3 commissioner by insurers on the Minnesota Aid to Police Premium Report, ~~reduced by~~
60.4 ~~the amount required to pay the costs and expenses of the state auditor for audits or exams~~
60.5 ~~of police relief associations~~. The total amount for apportionment in respect to the police
60.6 state aid program must not be less than two percent of the amount of premiums reported
60.7 to the commissioner by insurers on the Minnesota Aid to Police Premium Report after
60.8 ~~subtracting the amount required to pay the state auditor's cost and expenses of the audits~~
60.9 ~~or exams of the police relief associations~~.

60.10 (c) The commissioner shall calculate the percentage of increase or decrease reflected
60.11 in the apportionment over or under the previous year's available state aid using the same
60.12 premiums as a basis for comparison.

60.13 (d) In addition to the amount for apportionment of police state aid under paragraph
60.14 (b), each year \$100,000 must be apportioned for police state aid. An amount sufficient to
60.15 pay this increase is annually appropriated from the general fund.

60.16 Sec. 14. Minnesota Statutes 2012, section 69.021, subdivision 7, is amended to read:

60.17 Subd. 7. **Apportionment of fire state aid to municipalities and relief associations.**

60.18 (a) The commissioner shall apportion the fire state aid relative to the premiums reported
60.19 on the Minnesota Firetown Premium Reports filed under this chapter to each municipality
60.20 and/or firefighters relief association qualified under section 69.011, subdivision 4.

60.21 (b) The commissioner shall calculate an initial fire state aid allocation amount for each
60.22 municipality or fire department under paragraph (c) and, if applicable, a minimum fire state
60.23 aid allocation amount for each municipality or fire department under paragraph (d). The
60.24 municipality or fire department must ~~receive~~ be apportioned the larger fire state aid amount.

60.25 (c) The initial fire state aid allocation amount is the amount available for
60.26 apportionment as fire state aid under subdivision 5, without the inclusion of any additional
60.27 funding amount to support a minimum fire state aid amount under section 423A.02,
60.28 subdivision 3, allocated one-half in proportion to the population as shown in the last
60.29 official statewide federal census for each fire town and one-half in proportion to the market
60.30 value of each fire town, including (1) the market value of tax-exempt property and (2) the
60.31 market value of natural resources lands receiving in lieu payments under sections 477A.11
60.32 to 477A.14, but excluding the market value of minerals. In the case of incorporated or
60.33 municipal fire departments furnishing fire protection to other cities, towns, or townships
60.34 as evidenced by valid fire service contracts filed with the commissioner, the distribution
60.35 must be adjusted proportionately to take into consideration the crossover fire protection

61.1 service. Necessary adjustments must be made to subsequent apportionments. In the case
61.2 of municipalities or independent fire departments qualifying for the aid, the commissioner
61.3 shall calculate the state aid for the municipality or relief association on the basis of the
61.4 population and the market value of the area furnished fire protection service by the fire
61.5 department as evidenced by duly executed and valid fire service agreements filed with the
61.6 commissioner. If one or more fire departments are furnishing contracted fire service to a
61.7 city, town, or township, only the population and market value of the area served by each
61.8 fire department may be considered in calculating the state aid and the fire departments
61.9 furnishing service shall enter into an agreement apportioning among themselves the
61.10 percent of the population and the percent of the market value of each shared service area.
61.11 The agreement must be in writing and must be filed with the commissioner.

61.12 (d) The minimum fire state aid allocation amount is the amount in addition to the
61.13 initial fire state allocation amount that is derived from any additional funding amount
61.14 to support a minimum fire state aid amount under section 423A.02, subdivision 3, and
61.15 allocated to municipalities with volunteer firefighters relief associations or covered by the
61.16 voluntary statewide lump-sum volunteer firefighter retirement plan based on the number
61.17 of active volunteer firefighters who are members of the relief association as reported
61.18 in the annual financial reporting for the calendar year 1993 to the Office of the State
61.19 Auditor, but not to exceed 30 active volunteer firefighters, so that all municipalities or
61.20 fire departments with volunteer firefighters relief associations receive in total at least a
61.21 minimum fire state aid amount per 1993 active volunteer firefighter to a maximum of
61.22 30 firefighters. If a relief association is established after calendar year 1993 and before
61.23 calendar year 2000, the number of active volunteer firefighters who are members of the
61.24 relief association as reported in the annual financial reporting for calendar year 1998
61.25 to the Office of the State Auditor, but not to exceed 30 active volunteer firefighters,
61.26 shall be used in this determination. If a relief association is established after calendar
61.27 year 1999, the number of active volunteer firefighters who are members of the relief
61.28 association as reported in the first annual financial reporting submitted to the Office of
61.29 the State Auditor, but not to exceed 20 active volunteer firefighters, must be used in this
61.30 determination. If a relief association is terminated as a result of providing retirement
61.31 coverage for volunteer firefighters by the voluntary statewide lump-sum volunteer
61.32 firefighter retirement plan under chapter 353G, the number of active volunteer firefighters
61.33 of the municipality covered by the statewide plan as certified by the executive director of
61.34 the Public Employees Retirement Association to the commissioner and the state auditor,
61.35 but not to exceed 30 active firefighters, must be used in this determination.

62.1 (e) Unless the firefighters of the applicable fire department are members of the
62.2 voluntary statewide lump-sum volunteer firefighter retirement plan, the fire state aid must
62.3 be paid to the treasurer of the municipality where the fire department is located and the
62.4 treasurer of the municipality shall, within 30 days of receipt of the fire state aid, transmit
62.5 the aid to the relief association if the relief association has filed a financial report with the
62.6 treasurer of the municipality and has met all other statutory provisions pertaining to the
62.7 aid apportionment. If the firefighters of the applicable fire department are members of
62.8 the voluntary statewide lump-sum volunteer firefighter retirement plan, the fire state aid
62.9 must be paid to the executive director of the Public Employees Retirement Association
62.10 and deposited in the voluntary statewide lump-sum volunteer firefighter retirement fund.

62.11 (f) The commissioner may make rules to permit the administration of the provisions
62.12 of this section.

62.13 (g) Any adjustments needed to correct prior misallocations must be made to
62.14 subsequent fire state aid apportionments.

62.23 determined under section 69.011, subdivision 1, ~~clause paragraph (g)~~, and subdivision
62.24 2, ~~clause paragraph (b)~~, employed by that employing unit for 12 calendar months and
62.25 the proportional or fractional number who were employed less than 12 months bears
62.26 to the total number of peace officers employed by all municipalities ~~and~~ counties, the
62.27 Department of Natural Resources, and the Department of Public Safety, subject to any
62.28 reduction under subdivision 10;

62.29 (2) for each municipality which contracts with the county for police service, a
62.30 proportionate amount of the state aid distributed to the county based on the full-time
62.31 equivalent number of peace officers providing contract service to that municipality must
62.32 be credited against the municipality's contract obligation; and

62.33 (3) for each municipality which contracts with another municipality for police
62.34 service, a proportionate amount of the state aid distributed to the municipality providing
62.35 contract service based on the full-time equivalent number of peace officers providing

63.11 figures, only the latest available market value property figures may be used.

63.12 Sec. 17. Minnesota Statutes 2012, section 69.021, subdivision 9, is amended to read:

63.13 Subd. 9. **Appeal.** (a) In the event that a municipality, a county, a fire relief
63.14 association, a police relief association, the Department of Natural Resources, the
63.15 Department of Public Safety, or the voluntary statewide lump-sum volunteer firefighter
63.16 retirement plan, feels itself to be aggrieved, it may request the commissioner to review
63.17 and adjust the apportionment of funds within the county in the case of police state aid, or
63.18 within the state in the case of fire state aid.

63.19 (b) The decision of the commissioner is subject to appeal, review, and adjustment
63.20 by the district court in the county in which the applicable municipality, fire department,

92.29 group insurance coverage, including the difference between single and family rates that
92.30 may be paid to a member with single coverage and certain amounts determined by the
92.31 executive director to be ineligible;

92.32 (3) the amount equal to that which the employing governmental subdivision would
92.33 otherwise pay toward single or family insurance coverage for a covered employee when,
92.34 through a contract or agreement with some but not all employees, the employer:

92.35 (i) discontinues, or for new hires does not provide, payment toward the cost of the
92.36 employee's selected insurance coverages under a group plan offered by the employer;

93.16 proceeding or a legal settlement are salary only if the settlement is reviewed by the
93.17 executive director and the amounts are determined by the executive director to be

93.19 Sec. 53. Minnesota Statutes 2012, section 353.01, subdivision 16, is amended to read:

93.20 Subd. 16. **Allowable service; limits and computation.** (a) "Allowable service"
93.21 means:

93.22 (1) service during years of actual membership in the course of which employee
93.23 deductions were withheld from salary and contributions were made at the applicable rates
93.24 under section 353.27, 353.65, or 353E.03;

93.25 (2) periods of service covered by payments in lieu of salary deductions under
93.26 sections 353.27, subdivision 12, and 353.35;

93.27 (3) service in years during which the public employee was not a member but for
93.28 which the member later elected, while a member, to obtain credit by making payments to
93.29 the fund as permitted by any law then in effect;

93.30 (4) a period of authorized leave of absence with pay from which deductions for
93.31 employee contributions are made, deposited, and credited to the fund;

93.32 (5) a period of authorized personal, parental, or medical leave of absence without
93.33 pay, including a leave of absence covered under the federal Family Medical Leave Act,
93.34 that does not exceed one year, and for which a member obtained service credit for each
93.35 month in the leave period by payment under section 353.0161 to the fund made in place of

94.1 salary deductions. An employee must return to public service and render a minimum of
94.2 three months of allowable service in order to be eligible to make payment under section
94.3 353.0161 for a subsequent authorized leave of absence without pay. Upon payment, the
94.4 employee must be granted allowable service credit for the purchased period;

94.5 (6) a periodic, repetitive leave that is offered to all employees of a governmental
94.6 subdivision. The leave program may not exceed 208 hours per annual normal work cycle
94.7 as certified to the association by the employer. A participating member obtains service
94.8 credit by making employee contributions in an amount or amounts based on the member's
94.9 average salary, excluding overtime pay, that would have been paid if the leave had not been
94.10 taken. The employer shall pay the employer and additional employer contributions on
94.11 behalf of the participating member. The employee and the employer are responsible to pay
94.12 interest on their respective shares at the rate of 8.5 percent a year, compounded annually,
94.13 from the end of the normal cycle until full payment is made. An employer shall also make
94.14 the employer and additional employer contributions, plus 8.5 percent interest, compounded
94.15 annually, on behalf of an employee who makes employee contributions but terminates
94.16 public service. The employee contributions must be made within one year after the end of
94.17 the annual normal working cycle or within 30 days after termination of public service,
94.18 whichever is sooner. The executive director shall prescribe the manner and forms to be
94.19 used by a governmental subdivision in administering a periodic, repetitive leave. Upon
94.20 payment, the member must be granted allowable service credit for the purchased period;

94.21 (7) an authorized temporary or seasonal layoff under subdivision 12, limited to three
94.22 months allowable service per authorized temporary or seasonal layoff in one calendar year.
94.23 An employee who has received the maximum service credit allowed for an authorized
94.24 temporary or seasonal layoff must return to public service and must obtain a minimum of
94.25 three months of allowable service subsequent to the layoff in order to receive allowable
94.26 service for a subsequent authorized temporary or seasonal layoff;

94.27 (8) a period during which a member is absent from employment by a governmental
94.28 subdivision by reason of service in the uniformed services, as defined in United States
94.29 Code, title 38, section 4303(13), if the member returns to public service with the same
94.30 governmental subdivision upon discharge from service in the uniformed service within the
94.31 time frames required under United States Code, title 38, section 4312(e), provided that
94.32 the member did not separate from uniformed service with a dishonorable or bad conduct
94.33 discharge or under other than honorable conditions. The service must be credited if the
94.34 member pays into the fund equivalent employee contributions based upon the contribution
94.35 rate or rates in effect at the time that the uniformed service was performed multiplied by
94.36 the full and fractional years being purchased and applied to the annual salary rate. The

95.1 annual salary rate is the average annual salary, excluding overtime pay, during the purchase
95.2 period that the member would have received if the member had continued to be employed
95.3 in covered employment rather than to provide uniformed service, or, if the determination
95.4 of that rate is not reasonably certain, the annual salary rate is the member's average salary
95.5 rate, excluding overtime pay, during the 12-month period of covered employment rendered
95.6 immediately preceding the period of the uniformed service. Payment of the member
95.7 equivalent contributions must be made during a period that begins with the date on which
95.8 the individual returns to public employment and that is three times the length of the
95.9 military leave period, or within five years of the date of discharge from the military service,
95.10 whichever is less. If the determined payment period is less than one year, the contributions
95.11 required under this clause to receive service credit may be made within one year of the
95.12 discharge date. Payment may not be accepted following 30 days after termination of
95.13 public service under subdivision 11a. If the member equivalent contributions provided for
95.14 in this clause are not paid in full, the member's allowable service credit must be prorated
95.15 by multiplying the full and fractional number of years of uniformed service eligible for
95.16 purchase by the ratio obtained by dividing the total member contributions received by the
95.17 total member contributions otherwise required under this clause. The equivalent employer
95.18 contribution, and, if applicable, the equivalent additional employer contribution must be
95.19 paid by the governmental subdivision employing the member if the member makes the
95.20 equivalent employee contributions. The employer payments must be made from funds
95.21 available to the employing unit, using the employer and additional employer contribution
95.22 rate or rates in effect at the time that the uniformed service was performed, applied to the
95.23 same annual salary rate or rates used to compute the equivalent member contribution. The
95.24 governmental subdivision involved may appropriate money for those payments. The
95.25 amount of service credit obtainable under this section may not exceed five years unless a
95.26 longer purchase period is required under United States Code, title 38, section 4312. The
95.27 employing unit shall pay interest on all equivalent member and employer contribution
95.28 amounts payable under this clause. Interest must be computed at a rate of 8.5 percent
95.29 compounded annually from the end of each fiscal year of the leave or the break in service
95.30 to the end of the month in which the payment is received. Upon payment, the employee
95.31 must be granted allowable service credit for the purchased period; or
95.32 (9) a period specified under section 353.0162.
95.33 (b) For calculating benefits under sections 353.30, 353.31, 353.32, and 353.33 for
95.34 state officers and employees displaced by the Community Corrections Act, chapter 401,
95.35 and transferred into county service under section 401.04, "allowable service" means the

96.1 combined years of allowable service as defined in paragraph (a), clauses (1) to (6), and
 96.2 section 352.01, subdivision 11.

96.3 ~~(e) For a public employee who has prior service covered by a local police or~~
 96.4 ~~firefighters relief association that has consolidated with the Public Employees Retirement~~
 96.5 ~~Association under chapter 353A or to which section 353.665 applies, and who has~~
 96.6 ~~elected the type of benefit coverage provided by the public employees police and fire~~
 96.7 ~~fund either under section 353A.08 following the consolidation or under section 353.665,~~
 96.8 ~~subdivision 4, "allowable service" is a period of service credited by the local police or~~
 96.9 ~~firefighters relief association as of the effective date of the consolidation based on law~~
 96.10 ~~and on bylaw provisions governing the relief association on the date of the initiation~~
 96.11 ~~of the consolidation procedure.~~

96.12 ~~(d)~~ (c) No member may receive more than 12 months of allowable service credit in a
 96.13 year either for vesting purposes or for benefit calculation purposes. For an active member
 96.14 who was an active member of the former Minneapolis Firefighters Relief Association
 96.15 on December 29, 2011, "allowable service" is the period of service credited by the
 96.16 Minneapolis Firefighters Relief Association as reflected in the transferred records of the
 96.17 association up to December 30, 2011, and the period of service credited under paragraph
 96.18 (a), clause (1), after December 30, 2011. For an active member who was an active member
 96.19 of the former Minneapolis Police Relief Association on December 29, 2011, "allowable
 96.20 service" is the period of service credited by the Minneapolis Police Relief Association as
 96.21 reflected in the transferred records of the association up to December 30, 2011, and the
 96.22 period of service credited under paragraph (a), clause (1), after December 30, 2011.

115.22 association that is:

115.23 (1) organized and incorporated as a nonprofit corporation to provide retirement
115.24 benefits to volunteer firefighters under chapter 317A and any laws of the state;

115.25 (2) governed by this chapter and sections 69.771 to 69.775; and

115.26 (3) directly associated with:

115.27 (i) a fire department established by municipal ordinance;

115.28 (ii) an independent nonprofit firefighting corporation that is organized under the
115.29 provisions of chapter 317A and that operates primarily for firefighting purposes; or

115.30 (iii) a fire department operated as or by a joint powers entity that operates primarily
115.31 for firefighting purposes.

116.2 sections 31 to 43; Minnesota Statutes 2000, chapter 424; and Laws 1965, chapter 446,

116.4 (2) the voluntary statewide lump-sum volunteer firefighter retirement plan governed
116.5 by chapter 353G.

116.6 (c) A relief association or volunteer firefighters' relief association is a governmental
116.7 entity that receives and manages public money to provide retirement benefits for individuals

116.9 Sec. 78. Minnesota Statutes 2012, section 424A.02, subdivision 9, is amended to read:

116.10 Subd. 9. **Limitation on ancillary benefits.** A defined benefit relief association,
116.11 including any volunteer firefighters relief association governed by ~~section 69.77~~ sections
116.12 31 to 43 or any volunteer firefighters division of a relief association governed by chapter
116.13 424, may only pay ancillary benefits which would constitute an authorized disbursement
116.14 as specified in section 424A.05 subject to the following requirements or limitations:

116.15 (1) with respect to a defined benefit relief association in which governing bylaws
116.16 provide solely for a lump-sum service pension to a retiring member, or provide a retiring
116.17 member the choice of either a lump-sum service pension or a monthly service pension
116.18 and the lump-sum service pension was chosen, no ancillary benefit may be paid to any
116.19 former member or paid to any person on behalf of any former member after the former
116.20 member (i) terminates active service with the fire department and active membership
116.21 in the relief association; and (ii) commences receipt of a service pension as authorized
116.22 under this section; and

116.23 (2) with respect to any defined benefit relief association, no ancillary benefit paid or
116.24 payable to any member, to any former member, or to any person on behalf of any member
116.25 or former member, may exceed in amount the total earned service pension of the member
116.26 or former member. The total earned service pension must be calculated by multiplying
116.27 the service pension amount specified in the bylaws of the relief association at the time of
116.28 death or disability, whichever applies, by the years of service credited to the member or
116.29 former member. The years of service must be determined as of (i) the date the member or
116.30 former member became entitled to the ancillary benefit; or (ii) the date the member or
116.31 former member died entitling a survivor or the estate of the member or former member to
116.32 an ancillary benefit. The ancillary benefit must be calculated without regard to whether the
116.33 member had attained the minimum amount of service and membership credit specified in
116.34 the governing bylaws. For active members, the amount of a permanent disability benefit
116.35 or a survivor benefit must be equal to the member's total earned service pension except

117.1 that the bylaws of a defined benefit relief association may provide for the payment of a
117.2 survivor benefit in an amount not to exceed five times the yearly service pension amount
117.3 specified in the bylaws on behalf of any member who dies before having performed five
117.4 years of active service in the fire department with which the relief association is affiliated.

117.5 (3)(i) If a lump sum survivor or death benefit is payable under the articles of
117.6 incorporation or bylaws, the benefit must be paid:

117.7 (A) as a survivor benefit to the surviving spouse of the deceased firefighter;

117.8 (B) as a survivor benefit to the surviving children of the deceased firefighter if
117.9 no surviving spouse;

117.10 (C) as a survivor benefit to a designated beneficiary of the deceased firefighter if no
117.11 surviving spouse or surviving children; or

117.12 (D) as a death benefit to the estate of the deceased active or deferred firefighter if no
117.13 surviving children and no beneficiary designated.

117.14 (ii) If there are no surviving children, the surviving spouse may waive, in writing,
117.15 wholly or partially, the spouse's entitlement to a survivor benefit.

117.16 (4)(i) If a monthly benefit survivor or death benefit is payable under the articles of
117.17 incorporation or bylaws, the benefit must be paid:

117.18 (A) as a survivor benefit to the surviving spouse of the deceased firefighter;

117.19 (B) as a survivor benefit to the surviving children of the deceased firefighter if
117.20 no surviving spouse;

117.21 (C) as a survivor benefit to a designated beneficiary of the deceased firefighter if no
117.22 surviving spouse or surviving children; or

117.23 (D) as a death benefit to the estate of the deceased active or deferred firefighter if no
117.24 surviving spouse, no surviving children, and no beneficiary designated.

117.25 (ii) If there are no surviving children, the surviving spouse may waive, in writing,
117.26 wholly or partially, the spouse's entitlement to a survivor benefit.

117.27 (iii) For purposes of this clause, if the relief association bylaws authorize a monthly
117.28 survivor benefit payable to a designated beneficiary, the relief association bylaws may
117.29 limit the total survivor benefit amount payable.

117.30 (5) For purposes of this section, for a monthly benefit volunteer fire relief association
117.31 or for a combination lump-sum and monthly benefit volunteer fire relief association where
117.32 a monthly benefit service pension has been elected by or a monthly benefit is payable with
117.33 respect to a firefighter, a designated beneficiary must be a natural person. For purposes
117.34 of this section, for a lump-sum volunteer fire relief association or for a combination
117.35 lump-sum and monthly benefit volunteer fire relief association where a lump-sum service
117.36 pension has been elected by or a lump-sum benefit is payable with respect to a firefighter,

118.1 a trust created under chapter 501B may be a designated beneficiary. If a trust is payable to
 118.2 the surviving children organized under chapter 501B as authorized by this section and
 118.3 there is no surviving spouse, the survivor benefit may be paid to the trust, notwithstanding
 118.4 a requirement of this section to the contrary.

118.5 Sec. 79. Minnesota Statutes 2012, section 475.52, subdivision 6, is amended to read:

118.6 Subd. 6. **Certain purposes.** Any municipality may issue bonds for paying
 118.7 judgments against it; for refunding outstanding bonds; for funding floating indebtedness;
 118.8 for funding actuarial liabilities to pay postemployment benefits to employees or officers
 118.9 after their termination of service; or for funding all or part of the municipality's current
 118.10 and future unfunded liability for a pension or retirement fund or plan referred to in
 118.11 section 356.20, subdivision 2, as those liabilities are most recently computed under
 118.12 sections 356.215 and 356.216. The board of trustees or directors of a the Bloomington
 118.13 Fire Department Relief Association ~~referred to in section 69.77~~ must consent and must
 118.14 be a party to any contract made under this section with respect to the fund held by it
 118.15 for the benefit of and in trust for its members. For purposes of this section, the term
 118.16 "postemployment benefits" means benefits giving rise to a liability under Statement No.
 118.17 45 of the Governmental Accounting Standards Board.
