

REGENT CANDIDATE ADVISORY COUNCIL

**Report to the Minnesota Legislature
February 2005**

**Regent Candidate Advisory Council
c/o Legislative Coordinating Commission
72 State Office Building
(651) 296-9002**

TO THE PRESIDENT OF THE SENATE, THE SPEAKER OF THE HOUSE AND MEMBERS OF THE MINNESOTA LEGISLATURE:

This is the ninth report that the Regent Candidate Advisory Council has submitted to the Minnesota Legislature since the council was created by the adoption of Minnesota Statute 137.0245 in 1988 (Exhibit 1). The statute provides for the appointment of 24 individuals to serve staggered six-year terms. Members are appointed one-half by the Senate Rules and Administration Subcommittee on Committees and one-half by the Speaker of the House of Representatives. Two members must be registered students of the University of Minnesota. At the time of its final deliberation, there were 24 members on the council (Exhibit 2). Twenty-one members were present at the meeting on January 7, 2005, to vote for candidates to interview. Twenty-two members were present at the meeting on January 26, 2005, to vote for the candidates we are recommending to you now.

The council's charge is to "assist the Legislature in determining criteria for, and identifying and recruiting qualified candidates for membership on the Board of Regents." In an effort to accomplish this task, the council was directed to develop a statement of the selection criteria to be applied and a description of the responsibilities and duties of a regent, and to distribute that information to potential candidates. The council is further directed to submit the names of at least two, but not more than four, candidates for each regent position to be filled by the Legislature.

To fulfill its statutory mandate, and to facilitate the accomplishment of its mission, the council has adopted a number of statements and policies for its guidance, which have been reviewed and revised periodically, as it has gained experience and knowledge about the recruitment and selection process. The current list of these documents appears below and copies of the documents are attached as exhibits.

With respect to the current round of recommendations, the council began its two years of activity by electing Paul Dovre as its chair and David Naumann and JoAnne Stately as its vice chairs in September 2003. A number of committees were appointed to carry out directives and make recommendations to the council. These included Recruitment, Document Review, Interview Process and Questions, References, Candidate Orientation, and Nominations.

To prepare itself for the 2003-2005 candidate recruitment and screening process, the council met with President Robert H. Bruininks to discuss principal goals, strategies, and challenges of the University of Minnesota. The council invited Senator Sandra Pappas and Representative Doug Stang at a subsequent meeting to briefly discuss their thoughts about the University and to summarize proposed legislation that would impact the council. The council also met with Mr. Tom Sullivan (Senior Vice President for Academic Affairs and Provost); Mr. Tom Swain (Interim Vice President of University Relations); Ms. Donna Peterson (Associate Vice President of University Relations); Mr. Victor Bloomfield (Interim Dean of the Graduate School and Vice Provost for Research); and Mr. Craig Swan (Vice Provost for Undergraduate Education).

In recruiting candidates, the council enlisted the help of a broad cross-section of organizations and types of media. More than 300 news releases were sent out across the state, resulting in radio, television, and newspaper coverage. In addition to the media press releases, over 750 letters were sent out asking for the help of individuals, organizations, and institutions in conveying information about the regent recruitment process throughout their respective networks. We also asked them to propose names of individuals they considered to be highly qualified candidates. The council's efforts resulted in the submission of 58 applications before the deadline on December 6, 2004.

The Board of Regents is made up of twelve six-year, staggered terms. One-third of the Board of Regents (four positions) is up for appointment every other year. For 2005, the four open positions on the board were the second, third, and eighth congressional districts as well as one at-large seat. Below are the totals of individuals applying for each position.

Position	Number of Applicants
Second Congressional District (one position)	7
Third Congressional District (one position)	20
Eighth Congressional District (one position)	4
At-Large (one position)	27

The deadline for applications was December 6, 2004. The council met on January 7, 2005, for preliminary screening of candidates to interview. Seventeen applicants were selected for interviews. The names of these individuals are listed on Exhibit 17. Interviewees were provided time in their interview to give opening and closing statements. The remaining time was used to ask candidates questions. A general list of questions developed by the council is found in Exhibit 13.

Interviews were conducted on January 24, 25, and 26. The final selection of candidates to recommend to the Legislature took place on January 26, 2005. The council followed its selection policy as found in Exhibit 11. Following conclusion of the council's deliberations, the chair released a public statement, a copy of which is attached as Exhibit 18.

The council is pleased to submit the candidates listed below for consideration by the members of the Legislature:

Second Congressional District

Dallas Bohnsack
Bruce Endler

Third Congressional District

David Larson
Kate Rubin

Eighth Congressional District

Anthony Baraga
Edward Borowiec

At-Large

Steve Hunter
Scott W. Johnson
Margaret Leppik

The council is indebted to a vast network of people whose cooperation and assistance made possible the recruitment of such a highly qualified number of applicants. Special thanks must be extended to the University of Minnesota Alumni Association staff and volunteers, as well as the staff of the Office of the Board of Regents. Chad Thuet and Sandy Keene of the Legislative Coordinating Commission are to be commended for the excellence of their work.

Furthermore, the applicants themselves are to be thanked for their willingness to volunteer their time and talents in support of the University of Minnesota. Not all could be interviewed, and only four will be selected as regents. But each and every application submitted demonstrated a remarkable record of personal achievement and a commitment to public service.

The members of the council have considered it a privilege to participate in the recruitment and screening of candidates, and they believe that the system—the first such in the nation—has improved the selection process. With every round of activity, the council seeks to build upon past experience in order to continually improve the way it conducts its operations. The number of excellent candidates who submitted applications speaks to the integrity of the system and the commitment of the citizens of Minnesota to the University of Minnesota.

In submitting this report, the council extends its thanks to the Legislature for affording it the opportunity to participate in the regent selection process.

Respectfully Submitted,

Paul J. Dovre, Chair
Regent Candidate Advisory Council

REGENT CANDIDATE ADVISORY COUNCIL

PROCEDURAL RULES

Introduction

The Regent Candidate Advisory Council was established by an act of the Legislature of the State of Minnesota in 1988 to advise the Legislature in the election of regents of the University of Minnesota. Its duties are to develop a description of the duties of regents, outline criteria to be applied in recommending candidates, recruit a broad pool of candidates, and recommend to the Legislature at least two, and not more than four, qualified candidates for each opening on the Board of Regents.

The council consists of twenty-four members appointed according to the provisions of the legislative act establishing the council. After initial appointments of one-third of the members each for two-, four-, and six-year terms respectively, the statute provides that appointments will be made in even-numbered years to terms of six years.

For purposes of conducting its business expeditiously, the council has adopted the following procedural rules.

Rules Adopted by the Council

I. Officers

1. The officers of the council shall be a chair and one or more vice chairs as the council shall, from time to time, deem advisable for the effective conduct of its business.
2. Officers shall be elected by a majority of the council for two-year terms and shall serve until their successors are elected.
3. The first election of officers shall be for terms to expire at the annual meeting. Subsequently, the council shall regularly elect officers at its first biennial meeting (Section III, #1) following biennial appointments to the Board of Regents. In the event of a vacancy, for whatever cause, the council may elect an officer to complete the vacated term at any meeting by majority vote.

II. Powers and Duties of the Officers

1. The chair shall preside at all meetings of the council, shall have a right to vote on all questions, shall appoint chairpersons to all committees after consultation with the

council, shall schedule meetings and establish the agenda of meetings in consultation with the council, shall be responsible for notice of meetings, and shall have such other powers and duties as the council from time to time may prescribe. The chair, in consultation with the executive committee, may extend the deadline for candidate applications when the number of applications received before the deadline is determined to be inadequate.

2. The vice chair(s) shall perform such duties as may be delegated by the chair or prescribed from time to time by the council. In the absence of the chair, the vice chair designated by the chair shall perform the duties of the chair.

III. Meetings

1. The biennial meeting of the council shall be called in the fall of the odd-numbered years to review its proceedings, elect officers in accord with Section I, #3 of these procedures, establish committee memberships, conduct other business, and establish a schedule of regular meetings as required to carry out its duties and responsibilities.
2. Special meetings may be held at the call of the chair, and it shall be the duty of the chair to call a special meeting within thirty days at the request of five members of the council.
3. Written notice of all meetings shall be sent to each member of the council at least seven days before the date of the meeting. In the case of special meetings, the notice shall state the purposes of the meeting, and no business shall be transacted that does not relate to the purpose stated.
4. Whenever notice is required under the provision of these rules, a waiver of notice signed by the persons entitled to notice shall be deemed equivalent to waiver of the notice provision. Attendance at any meeting shall be conclusively deemed a waiver of notice unless the member appears at the meeting solely to object to the legitimacy of the meeting.
5. A majority of the filled positions on the council shall be necessary and sufficient to constitute a quorum for the transaction of business, and the act of a majority of the members present and voting at a duly called meeting of the council or of any committee shall be the act of the council, or the committee, except as may be provided by statute or these rules. Once a quorum has been determined, there shall be no further quorum calls and business may be conducted by a majority vote of those present and voting.
6. Meetings shall be conducted according to *Robert's Rules of Order*, except as otherwise provided in these rules.
7. Minutes of all meetings of the council shall be distributed to members of the council.

IV. Committees

1. Standing committees shall be established as the council deems advisable for carrying out its duties and responsibilities. The chair and other members of standing committees shall be appointed by the chair of the council after consultation with the council.
2. The Executive Committee, the Nominating Committee, the Recruitment Committee, the Document Review Committee, the Interview Process and Questions Committee and the Candidate Orientation Committee shall be the standing committees of the Regent Candidate Advisory Council.
3. The council, through action taken in accord with provisions outlined in Section III, #5 of these procedures may at any time make adjustments to the name and/or change of any of its standing committees.
4. A standing committee may be discontinued in accord with Section V, Amendment of Rules, of these procedures.
5. The chair of the council, after consultation with the council, may from time to time, appoint special committees to assist in the business of the council.

V. Amendment of Rules

These rules may be changed or amended at any meeting of the council by a two-thirds vote of those present, provided notice of the substance of the proposed amendment is sent to all members of the council at least seven days before the meeting.

REGENT CANDIDATE ADVISORY COUNCIL

GUIDELINES FOR CONDUCT BY MEMBERS OF THE REGENT CANDIDATE ADVISORY COUNCIL

The conduct of members of the Regent Candidate Advisory Council should be guided by the same high ethical standards sought in candidates for the Board of Regents. Only in this way will the integrity and quality of the council's work be preserved. These guidelines have been adopted by the council to ensure that objective.

GUIDELINES

1. Members of the council should support the mission of the University of Minnesota and be well informed about it, its role in the state, and the changing environments which affect it.
2. Members of the council should be informed about the role of the Board of Regents and in particular understand the distinction between higher education governance and administration which establishes the relationship of the Board of Regents to the President of the University.
3. Members of the council should be committed to seeking the best qualified persons to govern the University. They should not allow social, business or other relationships to influence their objective review of individual regent candidates.
4. While members of the council are chosen to be broadly representative of the congressional districts of the state, they should carefully avoid serving regional or private interests. In no circumstances should a member derive financial benefit from service on the council.
5. Members of the council should devote serious attention to the qualifications of candidates for the Board of Regents, debate the relative merits of candidates in a fair and objective manner, and support publicly and privately the selection of candidates once made.
6. Members of the council should respect the role of the chairperson of the council as its only spokesperson. Any communications about the council with legislators, candidates or others should be objective and clearly indicated as personal.
7. Members of the council should refrain from lobbying the Legislature or trying to influence public opinion on behalf of any candidate for the Board of Regents.
8. To safeguard the integrity of the council, members should avoid exploiting their council membership to influence individual regents or the Board of Regents as a whole.
9. A member of the council should not be a candidate for the Board of Regents.
10. Finally, the conduct of the members of the council should promote public confidence in the regent candidate selection process as a non-partisan, good-faith effort to secure the best-qualified candidates for the Board of Regents.

CODE OF ETHICS FOR MEMBERS OF THE BOARD OF REGENTS

ARTICLE 1
PREAMBLE

Subd. 1. Public Trust. The Board of Regents is responsible for the governance of the University of Minnesota. In carrying out this public trust, constitutionally conferred, regents bring to the task their own varied backgrounds and expertise. In doing so, regents are expected to put aside parochial interests; they are expected to keep the welfare of the entire University, not just some particular constituency, at all times paramount.

Subd. 2. Implications of Recusal. Conflict of interest comes in many forms and cannot be entirely avoided. Recusal on a particular matter because of a conflict does not reflect adversely on the involved regent, but is simply a recognition that, in a complex and interconnected society, conflicts will occur. When this happens, recusal is necessary to assure that a regent's independence of judgment is not compromised, that the public's confidence in the integrity of the Board of Regents is preserved, and that the University's public mission is protected.

Subd. 3. Interpretation and Application. This policy shall be interpreted and applied in a manner that will serve the best interests of the entire University. In some cases, it may be determined that, after full disclosure and consideration of the particular facts, a conflict of interest is clearly insubstantial and that the University's interests are best served by participation of the regent on the particular issue involved; however, if doubt remains as to whether there should be a recusal, the doubt should be resolved in favor of recusal.

Subd. 4. Time Commitment. In undertaking the duties of the office, a regent shall make the necessary commitment of time and diligence to carry out the regent's public governance responsibilities.

Subd. 5. Regental Authority. A regent shall not use the authority, title, or prestige of the regental office to solicit or otherwise obtain a private financial, social, or political benefit, which in any manner would be inconsistent with the public interest.

ARTICLE 2
CODE OF ETHICS POLICY

SECTION I. CONFLICT OF INTEREST.

Subd. 1. Elements of a Conflict. A regent has a conflict of interest whenever the regent or a regent's family member or a business associated with a regent or a regent's family member (insofar as may be known to the regent) has an existing or potential financial interest, or any other interest, in a matter pending before the Board of Regents that impairs the regent's independence of judgment or objectivity in the discharge of the regent's public governance responsibilities.

(a) **Family Member.** "Family member" includes spouse; parents; siblings; children; domestic partner; and any person residing in the regent's household.

(b) **Business Associated with a Regent.** "Business associated with a regent" means an organization, corporation, partnership, proprietorship or other entity with respect to which either the regent or (insofar as may be known to the regent) a member of the regent's family:

(1) receives compensation in excess of \$500 in any month or has any contractual right to future income in excess of \$6,000 per year excluding compensation from the University, any governmental source, investment or savings income, retirement or insurance benefits, or alimony;

(2) serves as an officer, director, partner, or employee; or

(3) holds a financial interest valued in excess of \$10,000.

(c) **Financial Interest.** "Financial interest" means a foreseeable nontrivial financial effect which may result from a regental action.

Subd. 2. Deliberations and Voting. A regent shall be absent from any deliberations or vote on a matter in which the regent's employment relationships may impair independence of judgment.

Subd. 3. Candidacy for Public Office. Active candidacy for, and service in, any partisan, elective public office is a conflict of interest. A regent shall resign from the Board of Regents upon officially announcing candidacy for such office.

SECTION II. GIFTS AND EXPENSES.

Subd. 1. Acceptance of Gifts. A regent shall not accept any gift or accommodation except as permitted by Board of Regents policy. This prohibition does

not apply to complimentary tickets to University events furnished in accordance with Board of Regents policy.

Subd. 2. Reimbursement for Expenses. Regents serve without compensation. However, they are entitled to receive reimbursement for expenses incurred while representing the University in their official capacity.

SECTION III. FINANCIAL DISCLOSURE.

A regent shall upon election to office, and annually on September 30 thereafter, file a financial disclosure statement with the Secretary of the Board of Regents in a form consistent with the financial disclosure required for senior University officials. The general counsel shall review the disclosure forms for compliance with this policy.

SECTION IV. CONFLICT OF INTEREST PROCEDURES.

Subd. 1. Review of Procedures. The Board of Regents, with the assistance of the general counsel, shall publicly review at the beginning of each fiscal year the requirements and procedures provided in this policy.

Subd. 2. Notation of Conflict. A regent who discloses or acknowledges a conflict of interest shall note the conflict and recusal in an appropriate place in the Board of Regents' minutes.

Subd. 3. Acknowledgment of Conflict. Actual or possible conflicts of interest shall be called to the attention of the chair of the Board of Regents at the earliest opportunity. Actual or possible conflicts of interest may be brought to the attention of the chair by an individual regent, or by any other person.

(a) A regent regarding whom a conflict of interest question arises is encouraged to consult with the general counsel, and may request the general counsel to provide a written opinion on whether a conflict of interest exists under this policy. A copy of any such opinion shall be provided to the chair. The chair may also request an opinion from the general counsel on any conflict of interest question that comes to the chair's attention.

(b) Any disputed issues relating to the existence of a conflict of interest requiring recusal shall be decided by the chair who may, at the chair's discretion, refer the question to an ad hoc group of regents consisting of the chair, the vice chair, and one other regent appointed by the chair. If the chair or vice chair is the subject of the conflict of interest, another regent shall be appointed by the ranking regent.

(c) The chair, or the ad hoc group, as the case may be, shall decide the conflict of interest issue and report the decision to the Board of Regents; however, in all cases the Board of Regents is the final authority on conflict questions.

(d) The regent with the conflict of interest issue shall not participate in the conflict of interest deliberations or vote of the ad hoc group or the Board of Regents.

Subd. 4. Deliberations and Voting. A regent who declares or has been found to have a conflict of interest shall be absent from any deliberations or vote on the matter determined to be a conflict, and the regent shall not take any action to influence the outcome of the matter.

REGENT CANDIDATE ADVISORY COUNCIL

POLICY ON LEGISLATIVE COMMUNICATIONS

The council wishes to maintain clear and open communications with the Legislature in an orderly fashion. The following policies will guide the council and its members in its relations with the Legislature.

1. In accordance with the guidelines for conduct for the council, the council chair is the primary and official spokesperson for the council and the only person authorized to speak for the council. Members of the council speaking with the legislators will emphasize that they are speaking as individuals and not for the council.

The chair, at his/her discretion, may delegate legislative contract to other members of the council.

2. Legislative leadership and the leadership of the Education Committees in the House and Senate (both majority and minority), will receive copies of all council minutes and documents.
3. If other legislators express an interest, they shall be sent the same written materials.
4. It is inappropriate for council members to lobby on behalf of individual candidates for the Board of Regents at any time.

Effective proactive and reactive legislative communications can help ensure that our end product will be understood and accepted for what it is – a good faith, intelligent endeavor to recommend worthy people as nominees for the position of University of Minnesota Regent.

(Adopted by the RCAC November 2, 1990)

REGENT CANDIDATE ADVISORY COUNCIL

SELECTION PROCEDURES

Adopted 11/11/94

Revised 2/27/95

Revised 6/8/01

- I. Guidelines for selection of finalists (individuals to be interviewed):
 - A. The council will strive to interview a diverse group of qualified candidates for each open seat.
 - B. Finalists shall be selected by ballot, with council members voting for up to four nominees for each open seat. A simple majority of those voting (voting may be done by mail) will qualify a nominee as a finalist.
 - C. Candidates receiving no votes will be eliminated from consideration. The remaining candidates will be placed on a second ballot. Members shall then vote for 0 to 4 candidates. Those receiving a simple majority will qualify as finalists for interview.
 - D. A third and final ballot may only be conducted upon a vote of a majority of members present. If conducted, the third ballot shall follow the procedures stated in C above.
 - E. No individual may be chosen as a finalist without having submitted a complete and signed Application Form.
- II. Procedures for selection of individuals recommended to the Legislature
 - A. General rules
 1. Regardless of the number of council members present and voting, candidates shall not be recommended to the Legislature without having received support from a majority of total council membership.

2. The numbers prescribed herein assume full council membership (24). Those numbers may be reduced to reflect vacant positions on the council. They may not, however, fall below the level which will provide majority support for successful candidates.
 3. At any point, after the selection of at least two candidates for each open seat, selections may be closed by motion of a council member with support of a majority of the full council membership.
 4. No individual may be recommended to the Legislature without having been interviewed and duly selected as prescribed herein.
- B. Voting procedures for individual district, student regent, or at-large seat (if only one at-large seat is open):
1. First ballot:
 - a. In the initial ballot for each seat, each council member votes for up to four candidates.
 - b. If a candidate, or candidates, receives 16 or more votes (or $\frac{2}{3}$ of council membership), the individual with the highest vote total (or highest two individuals, if a tie) is selected.
 - c. If no candidate receives 16 or more votes (or $\frac{2}{3}$ of council membership), there is no selection.
 - d. Whether or not there is a selection, all candidates receiving no votes are eliminated. The candidate, or candidates, with the fewest number of votes is (are) also eliminated.
 2. Subsequent balloting:
 - a. Subsequent ballots will include all remaining candidates, excluding those elected and those eliminated in

prior ballots. The process for elimination of candidates will be the same in subsequent ballots as that used in the first ballot.

- b. Council members will vote for up to the number of open slots remaining after each prior ballot. For instance, if one person is selected on the first ballot, members will vote for up to 3 on the second ballot and so on.
- c. In all remaining ballots after the initial ballot, only one person may be elected on each ballot.
- d. After the initial ballot, the number of votes required for selection will decline with each ballot to 15, then 14, then finally 13.

C. Voting procedures for at-large seats when two or more seats are open.

1. First ballot:

- a. Each council member votes for up to the number of open seats times four (two seats, vote for up to eight; three seats, vote for up to 12; etc.)
- b. If a candidate, or candidates, receives 16 or more votes, the individual with the highest and second highest vote totals of 16 or more votes will be selected, provided there are no ties among three or more candidates of 16 votes or more.
- c. If such ties do not permit the selection of anyone (e.g., four candidates have 17 votes, the highest number), there is no selection.
- d. If no candidate receives 16 or more votes, there is no selection.

- e. Whether or not there is a selection, all candidates receiving no votes are eliminated. All candidates having the two smallest numbers of votes are also eliminated.
- 2. Subsequent balloting:
 - a. Subsequent ballots will include all remaining candidates, excluding those selected and those eliminated in prior ballots. The process for elimination of candidates will be the same in subsequent ballots as that used in the first ballot.
 - b. Council members will vote for up to the number of open slots remaining after each prior ballot.
 - c. In all remaining ballots after the initial ballot, only one person may be selected on each ballot.
 - d. After the initial ballot, the number of votes required for selection will decline with each ballot to 15, then 14, then finally 13.
- D. Suspension of these rules is permitted only for the specific purpose stated in a motion to suspend, and must receive the support of two-thirds of the members present in order to prevail.

September 22, 2004

Dear Friend of the University of Minnesota,

This letter is to request your assistance in generating a pool of well-qualified applicants for the University of Minnesota's Board of Regents. The Regent Candidate Advisory Council (RCAC) is charged by the Legislature with the responsibility for recruiting and making recommendations of between two and four finalists for each open position on the Board of Regents. Four seats (representing, respectively, the second, third, and eighth congressional districts and one at-large) will be open for legislative appointment in the year 2005.

The University of Minnesota is the premier educational institution in the State of Minnesota. The University's graduates and its research programs have a major impact on the well-being of the state. It is important that skilled, experienced individuals from diverse backgrounds set its course. Please take some time to consider persons, yourself or others, who would be qualified to fill these leadership positions. Among the attributes of good candidates are governance experience with complex organizations, knowledge of higher education, and an understanding of the transformation that is taking place in society as a result of technology. Regent terms are for six years. It is estimated that sitting regents spend, on average, approximately 40 hours per month fulfilling board responsibilities. Regents serve without compensation.

The deadline for application is December 6, 2004. Interviews will be held in January 2005. **Application materials are available on the council's Web site at: www.rcac.leg.mn.** If you do not have access to the Internet or would like an application packet sent to you or someone you recommend, please contact Sandy Keene, at 651-296-9002.

I would be happy to visit with you about the recruitment and selection process or to answer any other questions you may have. My phone is 218-236-9294; my e-mail address is: dovre@cord.edu.

Thank you for taking the time to assist the RCAC in finding and recruiting candidates for the future leadership of the University of Minnesota.

Sincerely,

Paul J. Dovre, Chair

P.S. Enclosed for your information is the statement of criteria for University Regents and a map of the congressional districts.

Applications Sought for University of Minnesota Board of Regents

The Regent Candidate Advisory Council (RCAC) is currently accepting applications for four positions on the Board of Regents of the University of Minnesota. The 24-member RCAC was created in 1988 by the Legislature and has responsibility for recruiting, screening and recommending Regent candidates to the Legislature. From the pool of applicants, the Council will invite a number of candidates for public interviews in late January, 2005, and then will forward to the Legislature the names of between two and four candidates for each open Regent position. The Legislature makes the final selections and appointments to the Board of Regents.

Regents are unpaid volunteers. They serve six-year, staggered terms. Four of the twelve Regent seats are open for selection every two years. The four seats open in 2005 include one each for residents of Minnesota's second, third and eighth congressional districts, and one at-large seat. Current Regents in those positions are Dallas Bohnsack, William Hogan II, Anthony Baraga, and Maureen Reed. Baraga and Bohnsack are completing their first terms as Regents, are eligible to run again in the regular selection process, and have indicated they wish to do so. Hogan is completing his second full term, ordinarily the maximum length of service for a Regent. Reed is eligible to run again, but has decided not to do so at this time.

Ideal candidates, according to RCAC Chair Paul Dovre, will have a deep interest in higher education and an understanding of the role of the University of Minnesota as a major land grant and research institution. They will have experience in governing large complex institutions, a strong sense of fairness and good listening skills. Being a Regent is a time-consuming assignment; current Regents estimate that, on average, they spend about 40 hours per month in Regent tasks. Individual answers vary a lot depending on personal work style and on the number of optional tasks undertaken.

Application materials are available on the council's Web site at: www.rcac.leg.mn. If you do not have access to the Internet, you may request an application packet by contacting Sandy Keene, at 651-296-9002.

Saint Paul, MN - January 26, 2005 The Regent Candidate Advisory Council (RCAC) voted today to recommend nine candidates to the Minnesota Legislature for final consideration of election to the Board of Regents of the University of Minnesota. The Legislature has not scheduled a date to meet in Joint Convention to elect regents.

The four open regent seats to be filled include one at-large and one in each of the following congressional districts: second, third, and eighth. All appointments will be for full six-year terms.

The RCAC received a total of 58 applications for the four positions. It interviewed 17 applicants. Finalists recommended to the Legislature are (in alphabetical order):

Second Congressional District: Dallas Bohnsack and Bruce Endler

Third Congressional District: David Larson and Kate Rubin

Eighth Congressional District: Anthony Baraga and Edward Borowiec

At-Large: Steve Hunter, Scott W. Johnson, and Margaret Leppik

The council was created by the Legislature in 1988 to recruit, screen, and recommend regent candidates to the Legislature. State law requires that a minimum of two and a maximum of four names be forwarded for each open position. The council's 24 members are appointed by the Legislature. While the Legislature is not bound by the council's recommendations, it has elected regents from the list of candidates recommended by the council every year it has met in Joint Convention to elect regents.

The University of Minnesota Board of Regents is the governing body of the University of Minnesota. Its twelve members are elected by the Legislature and serve without pay. Eight members represent the state's congressional districts, and four members are elected at large, as is a student representative. The student member must be enrolled in a degree program at the University of Minnesota at the time of election. The six-year terms are staggered so that four regent positions come up for appointment every two years.

“Citizens of this state are to be commended for their willingness to volunteer their time and talents in this critically important governance role. This year the council was privileged to have 58 applications. While the breadth of experience and expertise of applicants made the process of elimination extremely difficult, the council is confident that it enhanced the rigor of the selection process and helped to ensure that every person recommended to the Legislature, if elected, will serve the University with distinction. All of the applicants are deserving of both thanks and commendation for their willingness to serve and their individual records of outstanding service and achievement.” - Paul J. Dovre, RCAC Chair
